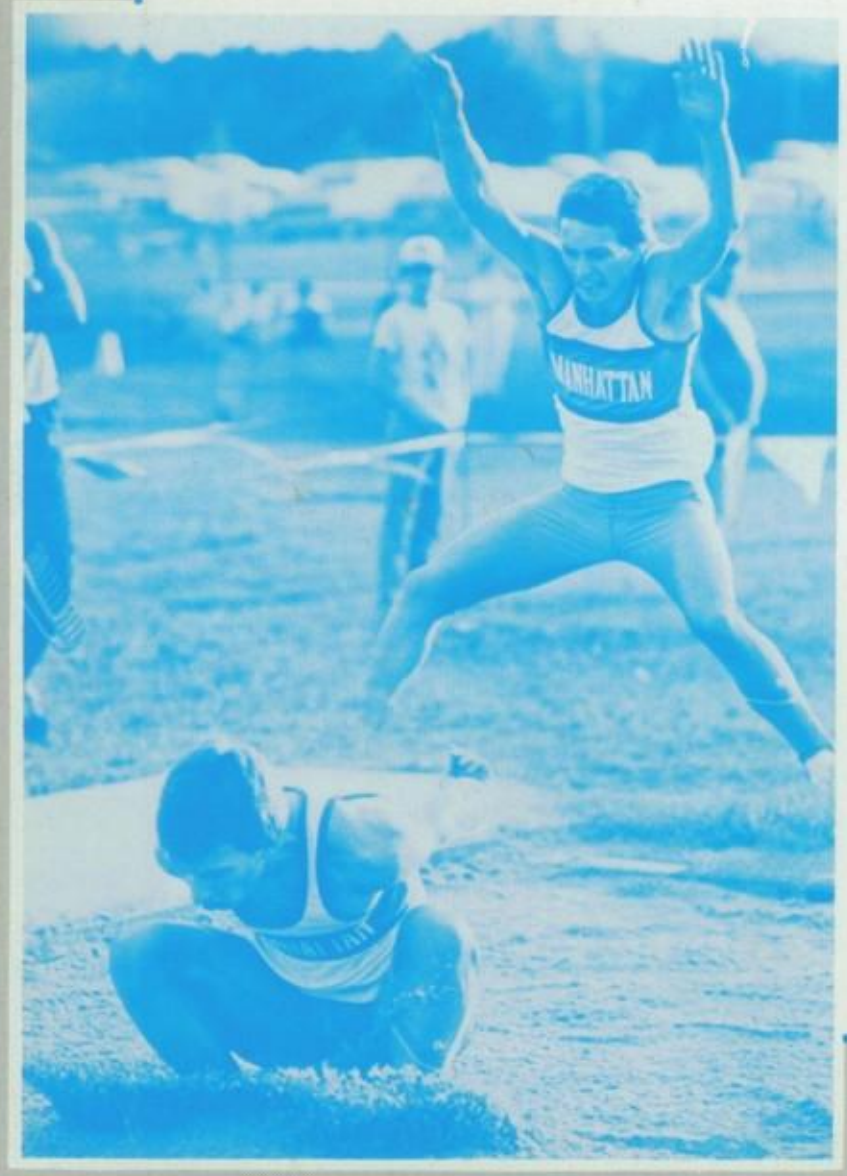
Blue M. Advisor: **N. Diane Tidwell**
B.A. Florida State University
M.S. Kansas State University

Editor: Connie Miller

Staff: Debbie Hohmann, Steve Jackman, Chuck Kipp, Kirk Kopp, Susan L'Heureux, Craig Raborn, Kris Wagner, Doug Wood.
First semester only: Steve Cathers, Kevin Converse, Randy Crow, Mark Emerson, Larry Enochs, Tony Hays, Thomas Pracek, Vivian Rose.

"Hey guys, we can talk about this," cries Senior Connie Miller as tradition is broken when the 'M' is cleaned.

Below, Senior Bryce Williams really showed how to jump.



Best Dressed Seniors Elizabeth Janke and Mike Hill take a break from a photo session.

Seniors Parrish Quick and Daniel Wallace, from Royal Flush, sing at the variety show.

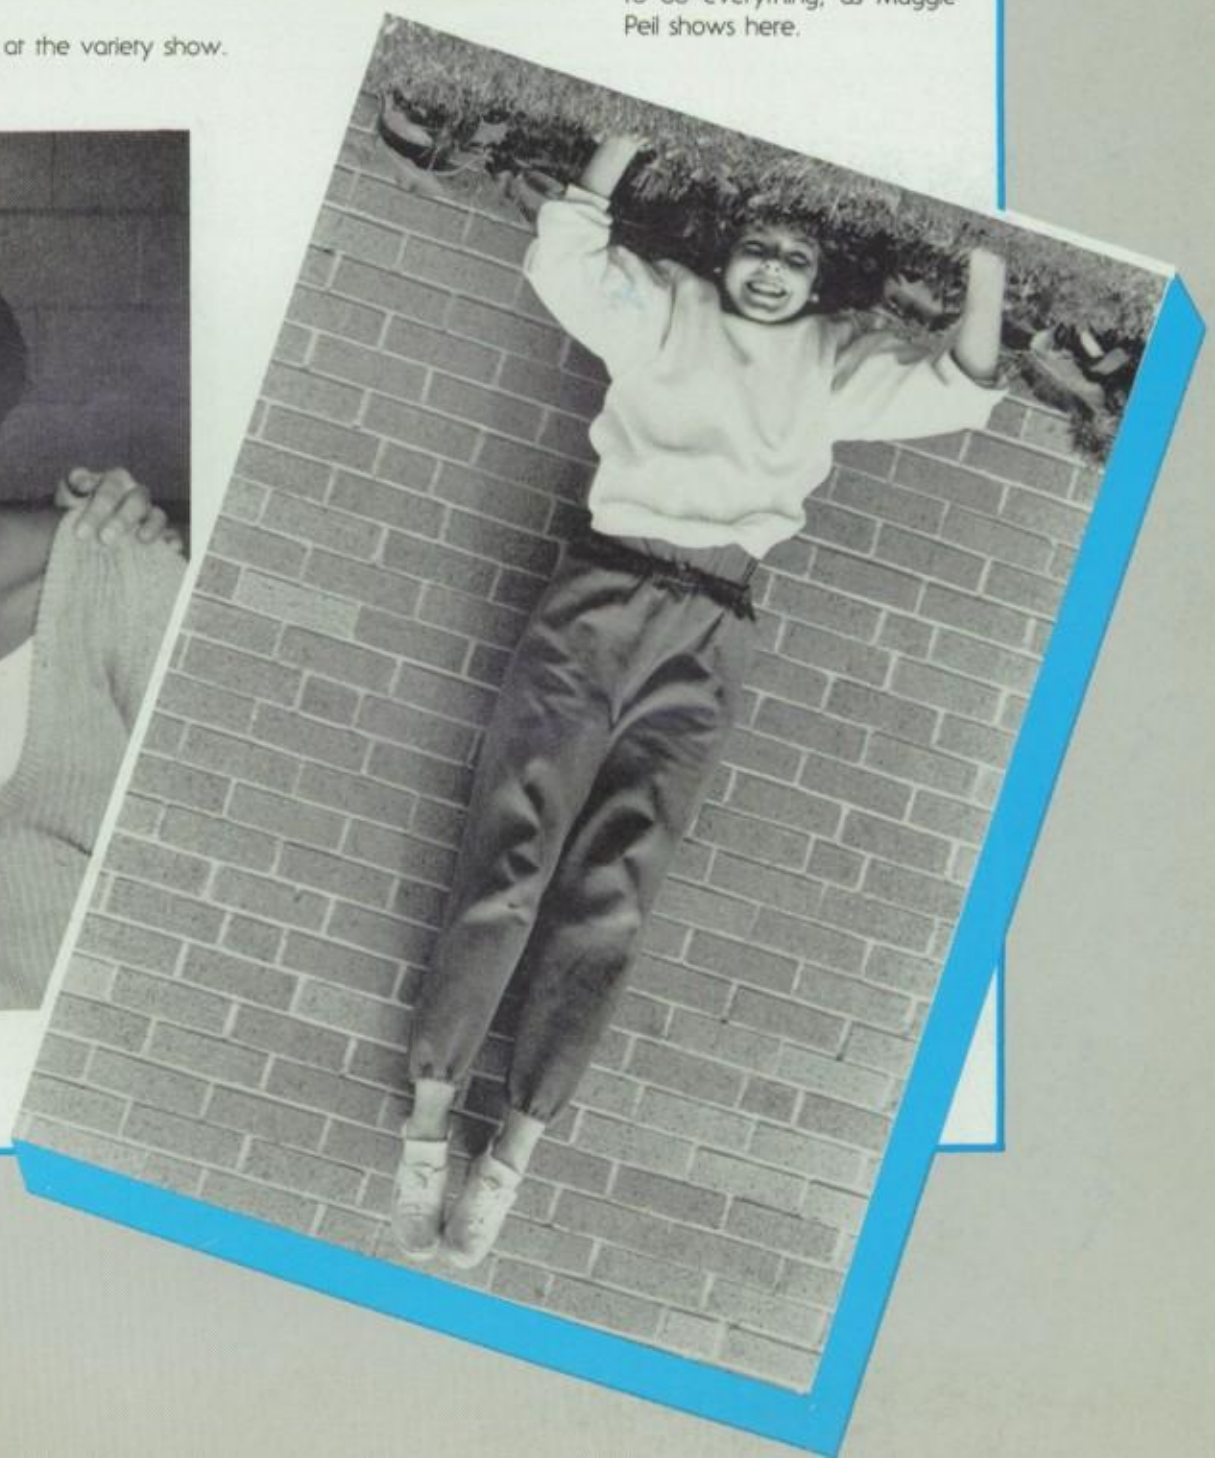
Seniors Jamie Marshall and Kim Benson show off.

The 1984-85 *Blue M* has some new and unique aspects. To get away from the traditional "word theme", this year's staff chose a "graphic theme" which is shown on the cover and through the sections of this book of record.

The cover in itself is unusual for MHS. Instead of the boring old *Blue* book, it was decided to go with the attractive silver with blue ink.

We the staff, hope that you find as much enjoyment in the book as we had producing it.

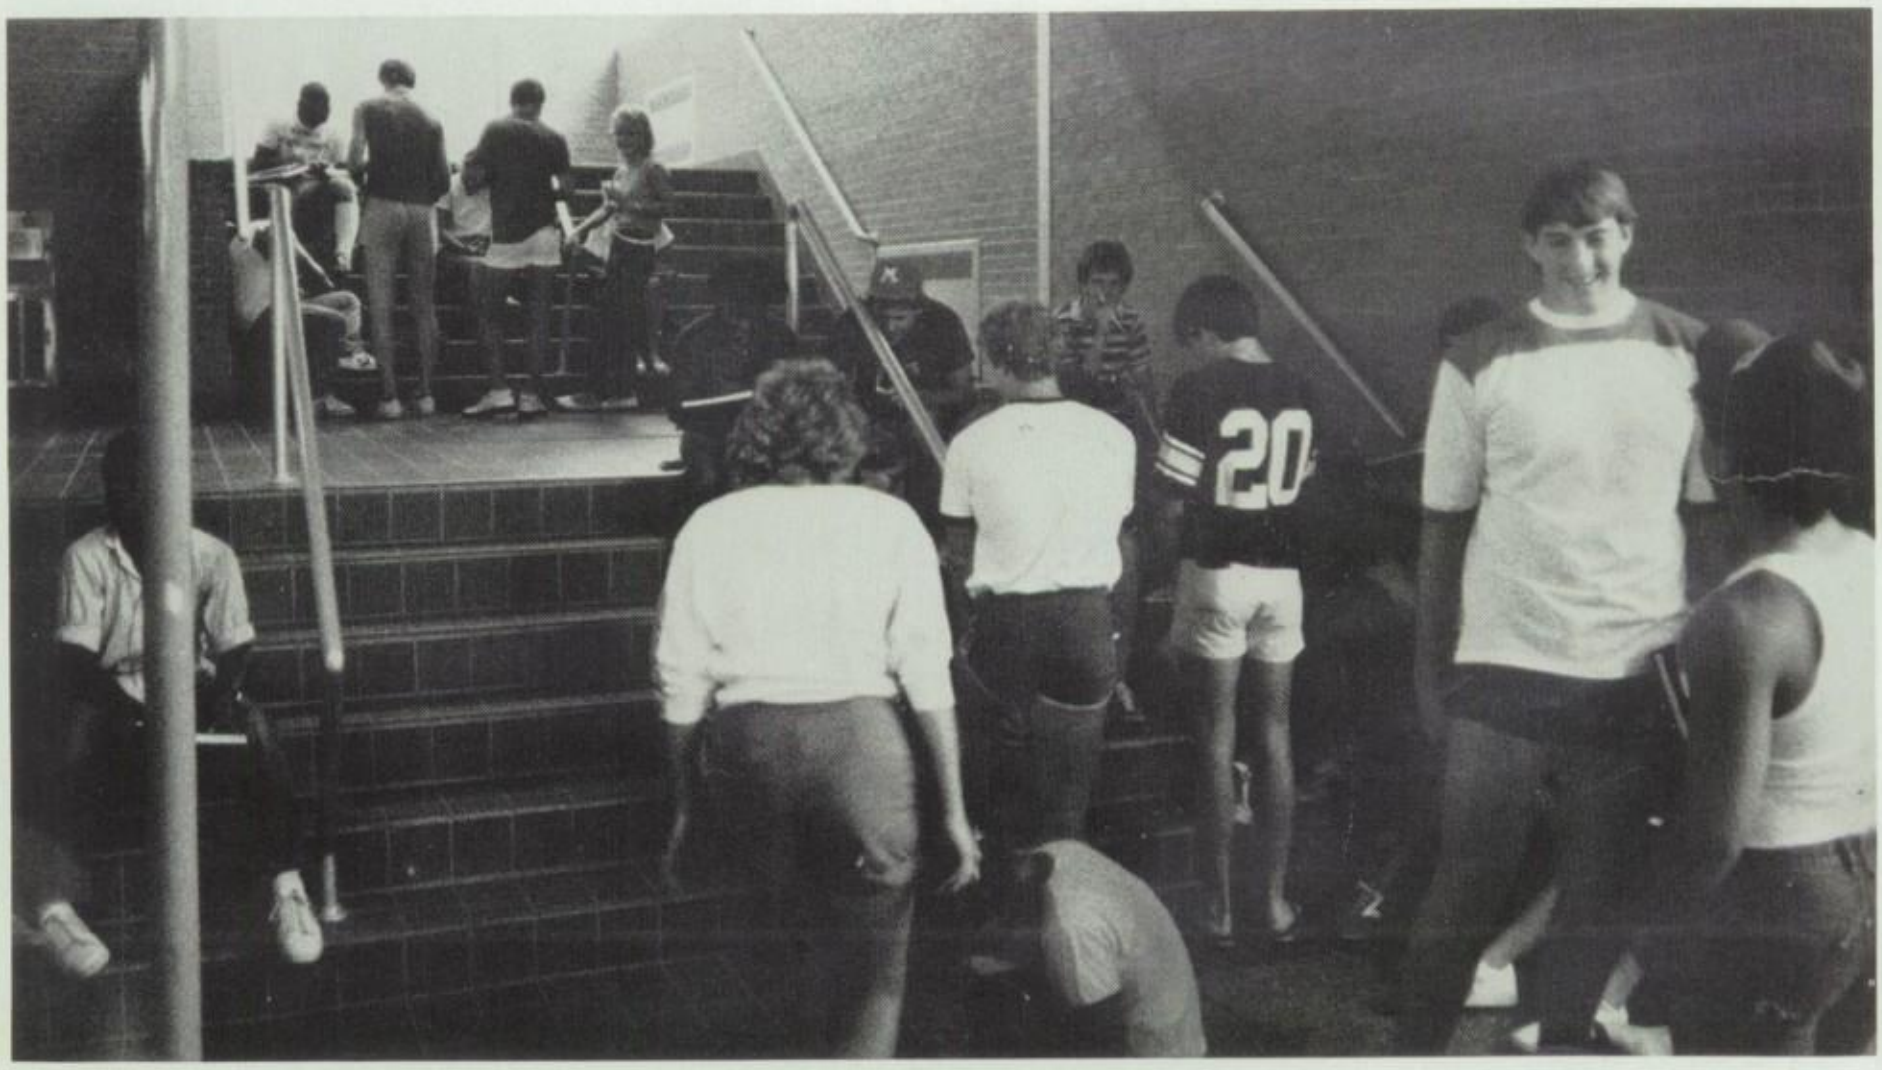
Below, some seniors just have to do everything, as Maggie Peil shows here.



Activities

Yearbook Signing Party

On August 30, 1984 at 7:30 p.m., MHS students jammed into the hot, crowded commons area to sign their comrades' yearbooks. The thoughts of the past year flowed from mind to pages for over two hours. At 9:30, students began filtering out the doors, their minds exhausted, but their books filled with memories of 1983-84 — some of it sentimental rubbish but, what the heck.



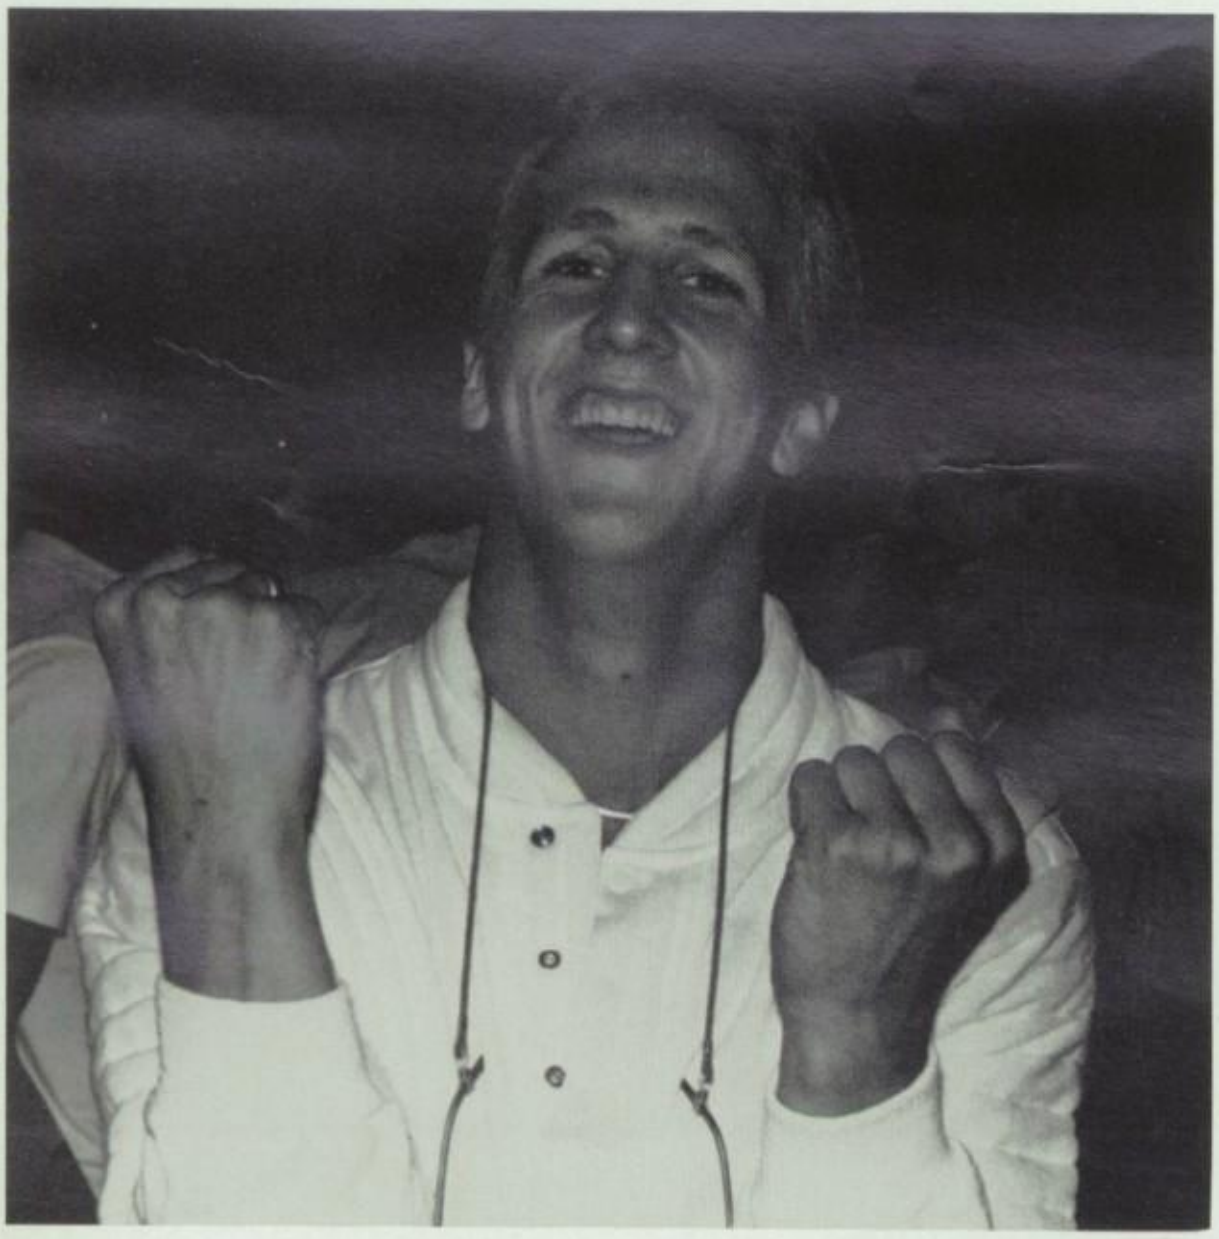
Booster Club Dance

The MHS Booster Club sponsored a "welcome back" dance on Sept 14 in CiCo's lovely Pottorf Hall, after the Emporia game.

The dance was attended mainly by freshmen and parent/sponsors. Various members of the SENIOR class *tried* to attend the gala, but couldn't stumble the mere 100 yards to Pottorf.

While the freshmen danced the night away under the watchful eyes of the sponsors, most students found it necessary to attend another party, which wasn't a school activity.

Ladonna Alexander, senior, is having a splendid time with her true love Scott Walker, **left.** Brock Everett is also enjoying the dance, as evidenced below.



Homecoming 1984

The Seniors of '85 were victorious, but showed that they can not keep a finished float together for more than 24 hours. While the seniors and sophomores argued over who had the float idea first, the juniors and freshmen became lost in the crowd. Though the senior float derailed at Bishop Stadium, Maggie Peil, the conductor, rode the winning float triumphantly to the ground.

Below, the sophomores worked hard for a second place finish. **Below right,** the inexperienced freshmen spirit really came through.

Above, class spirit and pride showed through as the seniors cruised their float to victory.

The Parade continues

Top left, MHS Gymnasts show their enthusiasm. **Left,** Juniors were baffled when they could not pull a victory out of their hat. **Lower left,** Tribe council members. **Lower right,** Stuco members.

Homecoming '84

The Homecoming Dance concluded the eventful spirit week and the drubbing of the Salina Central Mustangs in spectacular fashion.

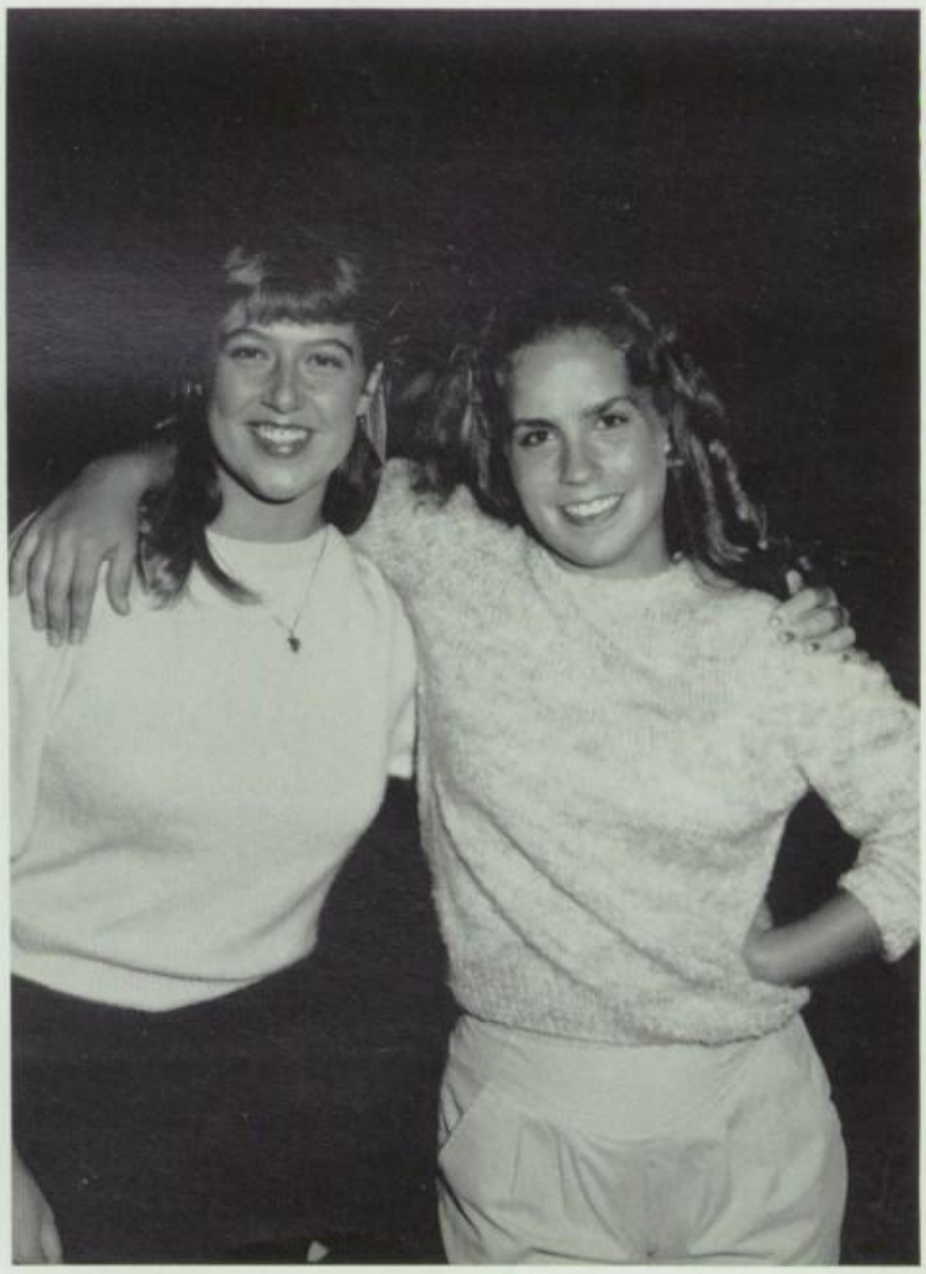
Dan Schneider and Julie Woods were selected out of a highly commendable group of seniors as the King and Queen.

Sport's Fanatic hosted the After-dance for all who wished to enhance more of the night's atmosphere. Overall the dance seemed to bring together all the thoughts of the Homecoming Week.

The Seniors Honoraries from left to right, Jacqi Lambert, Nancy Hill, Julie Woods, Maria Morril, Karen Rezac. **Back row:** Scott Turner, Dan Wallace, Dan Schneider, Mark Wentzel, Troy Dillon, and Jim Webber.

Below left, Curris Harris has fun with his date as **below right,** Dan Schneider, King, dances with the Queen, Julie Woods.

Ardienne Ralls, Leah Bruce, and Amy Fisher pose for the camera. **Lower left,** Brenda Umschied, Lori Arnold, and Sarah Kimball are deceived by a joker behind them. **Below,** Pat Smallwood and Stephanie DeWeese show their friendship.



Winter Homecoming

After careful selection through a highly efficient, technologically brilliant, secret ballot, this year's Homecoming Royalty was selected. Our glorious honoraries, laurel leaved kings, and silver crowned queens gave both grace and honor to an already spectacular evening. The peasants arrived in mass to celebrate the glorious return of our sporting knights from their long and victorious oddysseys.

Our gallant warriors, having been at battle for such a long period, where ecstatically happy to trip the light fantastic with the fair maidens of their homeland.

Chamber Choir

Vell-dressed in burgundy and black, the Cham-
er Choir caught the eyes and ears of all audi-
nces.

nging for a variety of groups at various
laces, they did a fine job of singing after long
ours of practice. The director, Mr. Commer-
ord, made his first year at MHS a good one by
hoosing songs best-suited for the choir.

he choir, keeping up with tradition, sent many
ngers to state competition, revealing the tal-
nt and quality that the performers had.

you were fortunate enough to attend one of
he Chamber Choirs' many performances, you
oo would have seen such talent and been
roud of MHS and its Choral Department.

omplete listing of Chamber Choir members are: Ellen Apel, Cyn-
ia Bowen, Eva Chatterjee, Richie Conley, Geoff Davis, Kelly
avis, Stephanie Deweese, Sara Erickson, Elizabeth Feyerharm
andy Fox, Leanne Gallagher, Shelly Gillam, Thomas, Hanson,

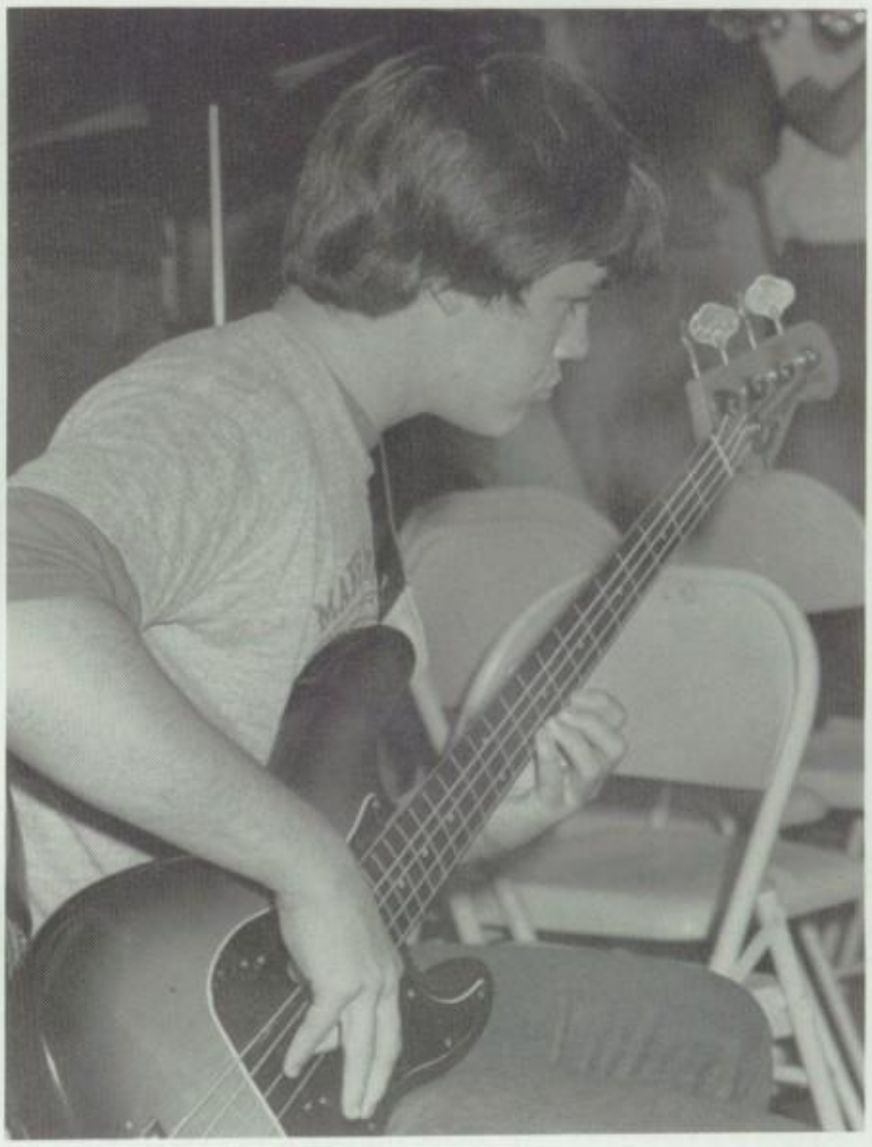
stran, Cliff Vearch, Alayne Ward, Heather Williams, Sean William-
son, Michael Wilson, Sandi Zeibert.

Blue Notes Jam

The MHS Blue Notes Jazz Band dedicates themselves to musical expression. Hard work and appeal for jazz make the Blue Notes an ex-caliber high school jazz band. These musicians are selected by tryouts early on in the school year, and represent some of the best musicians in Manhattan High.



Marching Band

The MHS Marching Band, under the direction of Mr. Harshbarger, provided entertainment for all the home varsity football games and was then reduced in the winter to a prep band for all the home varsity basketball games. Practicing in the early morning for the first nine weeks of school improved the playing of most of the members and the sound increased to a delightful level.

Sugar and Spice

"What are little girls made of, made of? What are little girls made of, made of? Sugar and spice and everything nice, that's what little girls are made of." The MHS Sugar and Spice Choir developed its name from this saying. This particular choir is an all-female choir; therefore, no men are allowed to join in on the fun.

Tryouts for Sugar and Spice are held in late spring of the school year. Girls who are interested can enroll before the fall semester starts. If not enough apply, the choir directors usually search for girls who are talented and can qualify. The girls who are enrolled try out after they have practiced with their song. They are judged by the choir directors, Mr. Easterday, Mr. Harshbarber, Mr. Commerford and one unbiased person who has not had any contact with any of the tryouts.

Sugar and Spice sings a very wide variety of music that includes jazz, rock and roll, pop and boogie. "If these girls had a choice of what music they wanted to sing, they'd choose rock," commented Mr. Easterday.

The members don't have to pay a fee to be able to join Sugar and Spice, but they do have to buy their own dresses and shoes. Someday Mr. Easterday would like to change that.

Girls in the choir share a common bond. Most of the time they do their own dances. They don't have to spend a great deal of extra time working on their music except for the night before a concert. That night they have a dress rehearsal.

During the year, they travel around the city giving concerts. They're scheduled to sing at seven grade schools, a church Mother-and Daughter Banquet, MMS and MHS. So, if you are a female and like to sing, as well as dance and travel, remember what little girls are made of!

Copy Compliments: Patty King and *The Mentor*.

Pops Choir

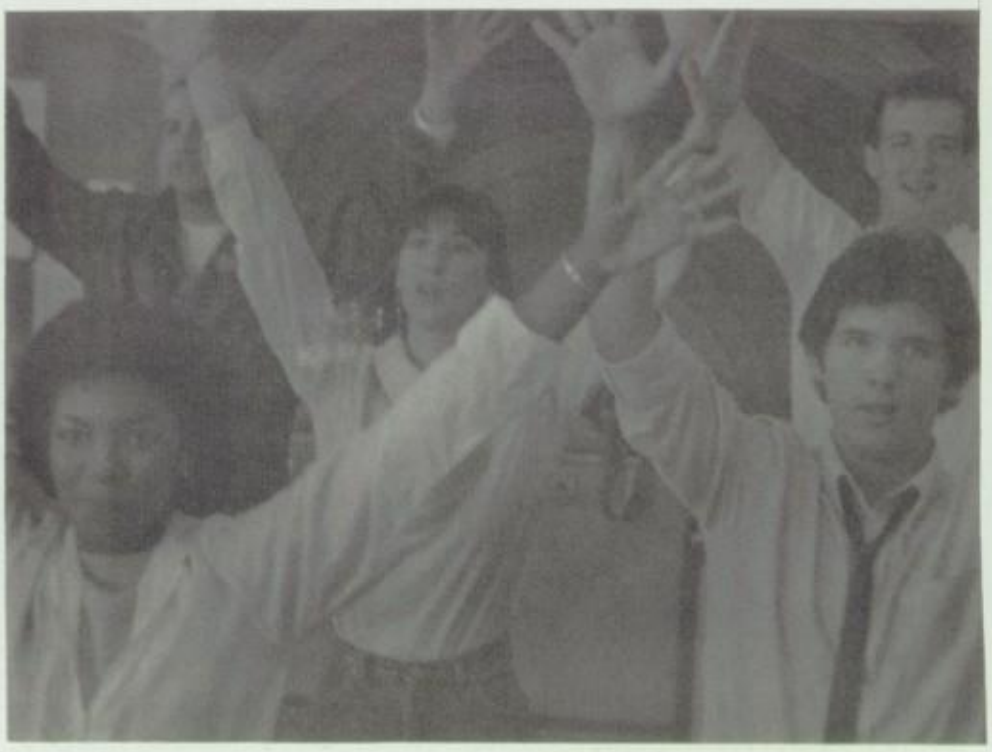
Though the members of Pops Choir spent the first of the year worrying that they wouldn't get the partner of their choice, or that they'd get a partner four feet taller, they entertained audiences everywhere they went.

Mr. Commerford did an exeptional job, his first year at MHS. The electricity of his group made audiences everywhere tap their toes to the catchy tunes and choreography the group performed.

The choir continues to sustain the high quality of song and dance that the students and faculty of MHS have grown to love.

Bottom left: Jenni Stevens, Mina Jackson, Dana Sullivan, Jane Hollingsworth, (row two), Karen Rezac, Nancy Hill, Daniel Wallace, (row three), Shelly Gilliam, David Lee, Brock Everett, Dan Horsche (row four), Kelly Johnson, Geoff Davis, Parish Quick, (row five), Cliff Vearch.

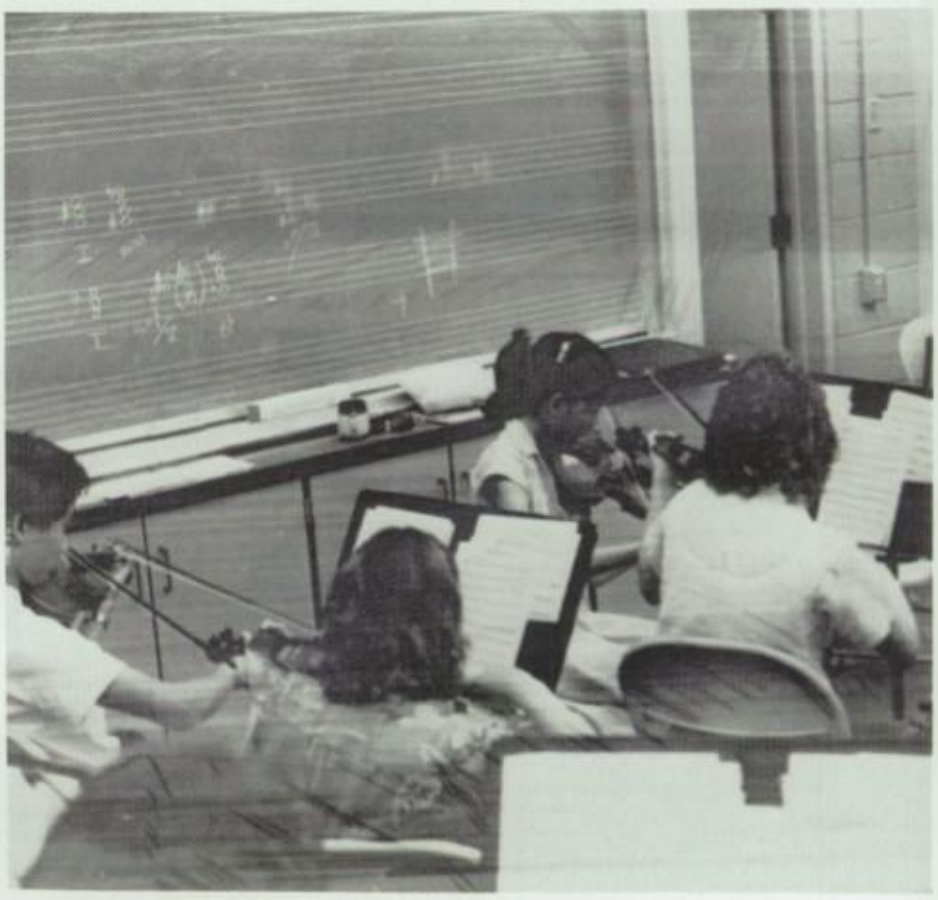
A complete Pops production includes not only superb singing of contemporary musical selections but much-rehearsed choreography as well. It is no small task, planning the simultaneous movements of almost 15 people, in time to a particular piece of music. Nor is the tremendous amount of practice time involved in getting the moves right. While most of us find it hard to walk and chew gum at the same time, the Pops Choir demonstrated time after time that singing and dancing are natural partners — and before the approving eyes of audiences quick to appreciate their efforts.



Orchestra

The talent of both groups and individuals is emphasized in this elite class. Improving their abilities as individuals and group players, the members of this class improve their sight-reading skills, style, and technique.

Although small in number, this group adds a touch of class to the MHS population. When walking through the northeastern corner of the MHS campus, if you happen to hear wafts of Beethoven, Bach, or Chopin, it is a safe bet that the talents of the orchestra class are being honed to a "T".



Pegora the witch

On October 29, 1984 at 7:30 p.m., MHS drama students put on a play in the auditorium under the direction of Barbara Jones.

The play, entitled "Pegora the Witch", was as good as Halloween had been that week. Ellen Apel was the star of the presentation, playing Pegora. Though the play had only three showings and little time for practice, the cast put on a stunning performance.

Homecoming '84

Homecoming Uprising Week got underway October 2 with "dress-up" days and the Powder Puff game. A pep rally was held October 4 which included the traditional burning of the "M".

Homecoming got into full gear Friday October 5 when students flocked downtown after school to view the annual Homecoming parade. A slight rain before the game looked as if it might mar the evening's proceedings. However, the football game went on as planned, and the Indians shut out the Salina Central Mustangs 10-0. During halftime of the game, the senior class was named winner of the float competition and Daniel Schneider and Julie Woods were crowned Homecoming King and Queen.

After the game, a dance was held at the high school where the honoraries and the King and Queen were again honored. After the dance, some revellers repaired to the after-dance at the Sports Fan-Attic to cap off their evening. (Copy courtesy Mark Butler and *The Mentor*)

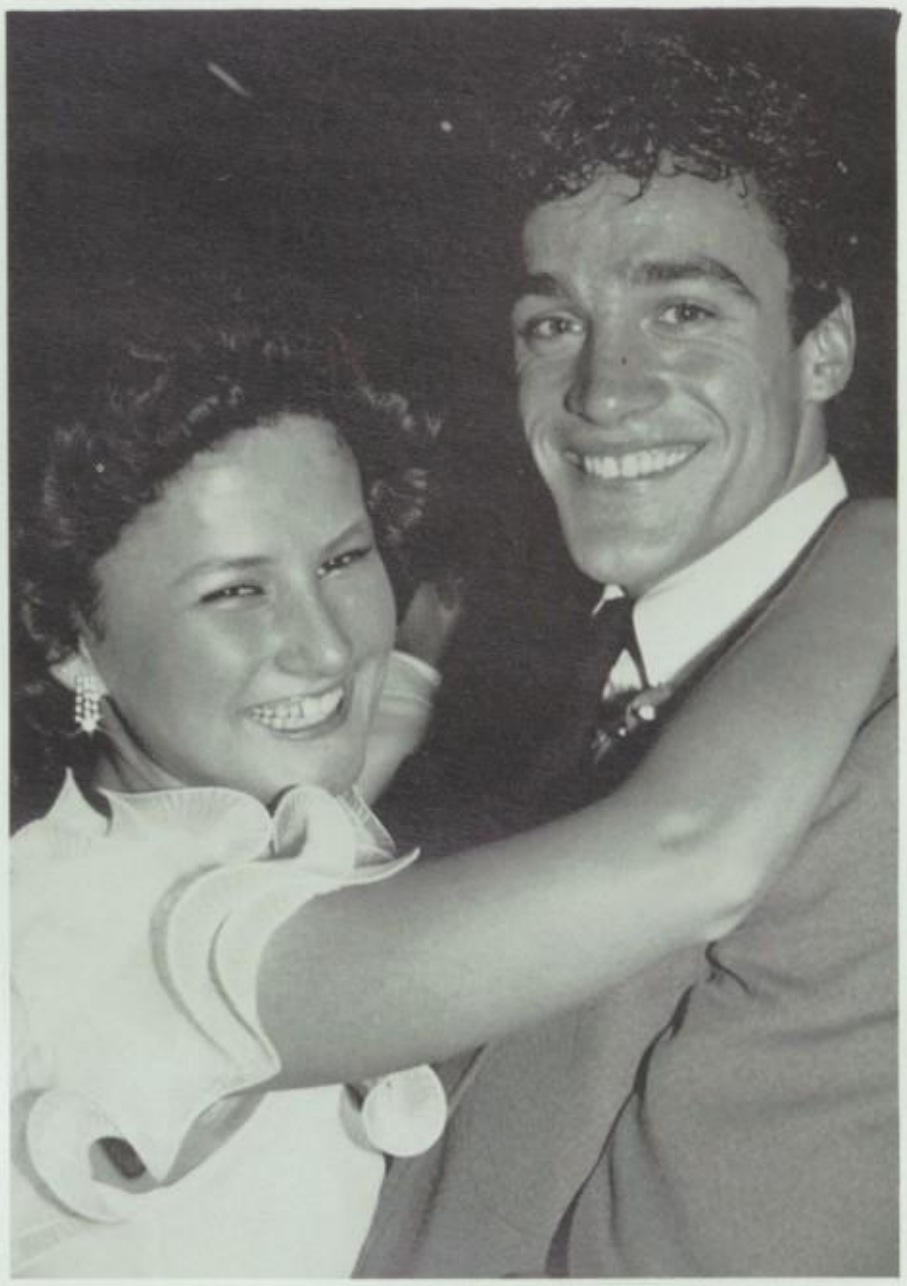
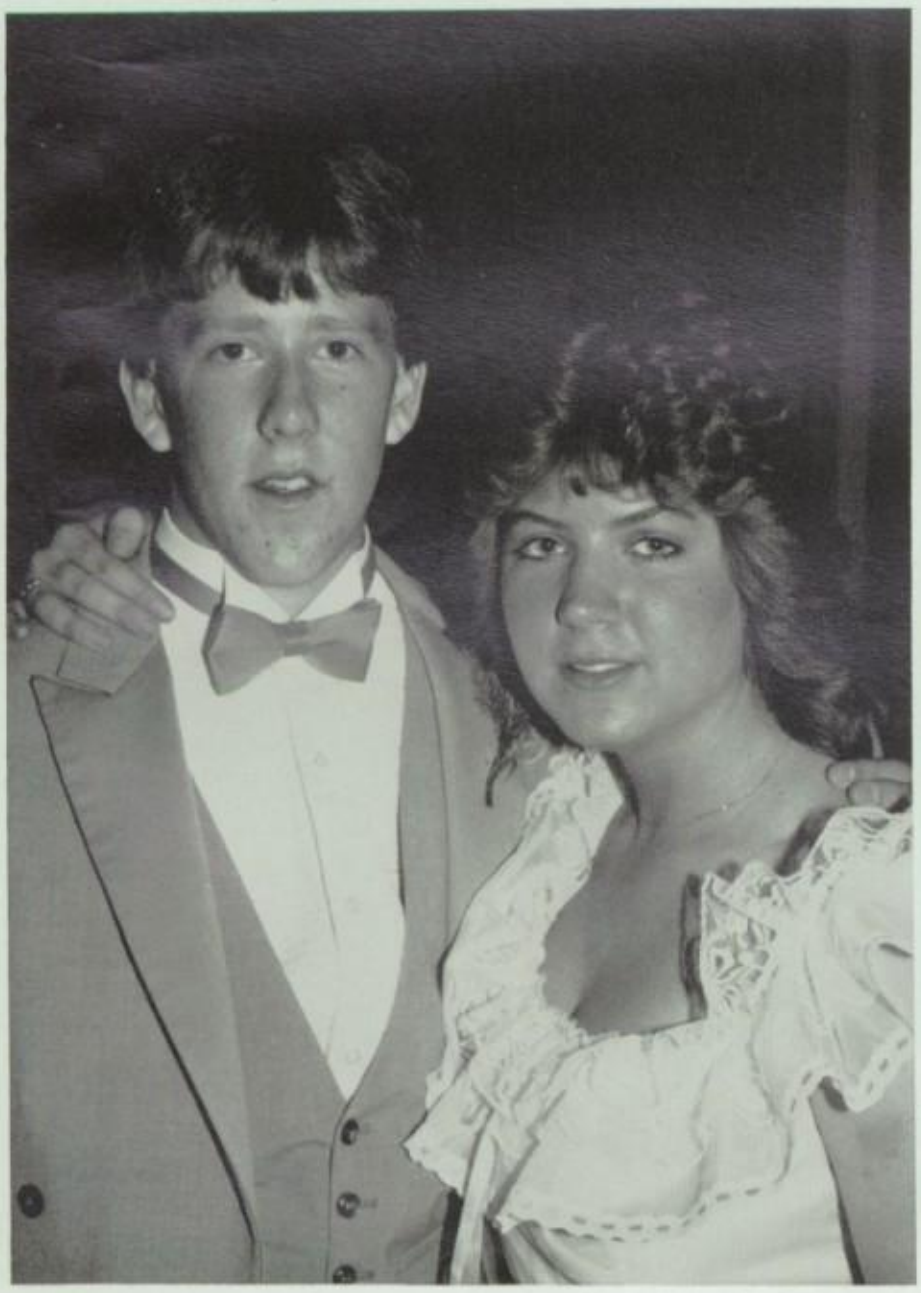
Prom 1985
May 11, 1985

Theme: "We've Got Tonight"

Prom 1985 was memorable for reasons several hundred MHS students could tell you about. Perhaps one of the most significant developments this year centering around prom-night activities was the "Alternative Dance" held at the Wareham Hotel. Local businesses, individuals and restaurants donated food, prizes and time to offer party-goers another option besides the one found in a bottle or can. (The **Blue M** regrets that individual identification of people in the photographs appearing on these pages was not available at deadline.)





'84 Regional Kays and Kayettes confer at MHS

The Regional Kays/Kayettes Conference was held at MHS, Oct. 10 from 8:30 to 3:15. The meeting kicked off with a tour of our fine school, then the famed MHS rock group "Edge" entertained the troops in the gymnasium.

The Regional Kays/Kayettes leader enthusiastically speaks to the audience, **top.** The "Men of Pops Choir" entertain the eager crowd; and **below,** Cindy Bowan takes time out to have a picture taken with a friend.

CLUBS/ORGANIZATIONS

TRIBE spells spirit

Tribe has been a growing club here at MHS for a long time. Each year the club makes locker signs for each player throughout the year, and they sponsor the first dance along with the first home game. Throughout the year they sold banners, buttons, T-Shirts and various other spirit charms. In the middle of the year they sponsored the Powder Puff game for the girls' East and West teams. At the first home game they also sponsored the first Ballon Lift off where they let white and blue helium ballons go before the game.

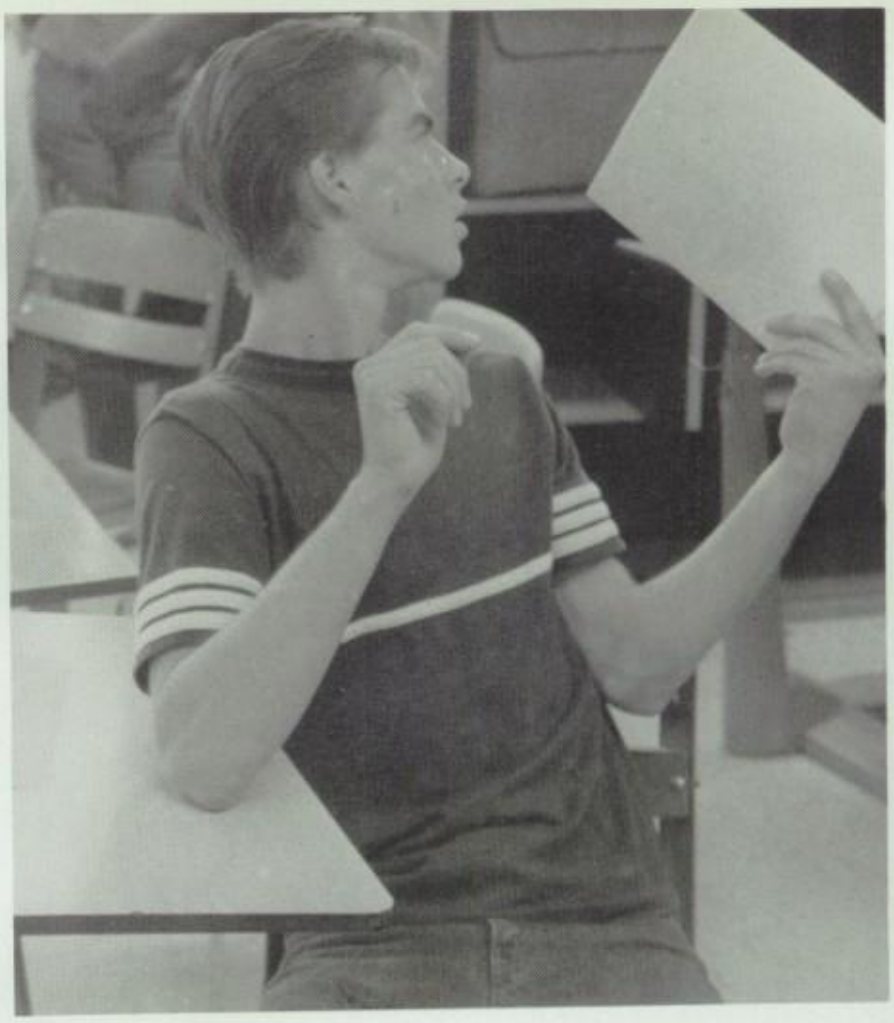
Bottom right: Our photographer just couldn't rear himself away from these key three!

YAC

Youth Advisory Council of MHS does many things throughout the year, including sampling new foods which come through the cafeteria. They also help plan for new school menus and help in the school kitchen during lunch.



NFL

The National Forensics League is in association with Debate and Forensics. It is a national organization which recognizes outstanding achievement in public speaking within the student body. The recognition comes in the form of a certificate plus various seals and pins representing an individual's rank. As in previous years, the teams hosted a debate and forensics match at MHS.

Aaron Rohrer; Eric Thompson, Council Members; Jo Chung, Alternate; Julie Woods, Vice-President; Heather Williams, CM; Jon Hacker, CM; Jeff Listerman, CM; Ian Kremer, CM. **Top right:** James asks if this was the correct evidence. **Center Left:** Mr. Brannan packs the bus long trip. **Center Right:** Team mates give smiles of encouragement.

Thespians

Probably the most active club at MHS, the Thespians, have shown themselves to be a driving force of guys and dolls, managing to bring entertainment to all levels. Rounding up great numbers of people, the Thespian carnival was not only a great financial success but a good time for all. These enterrainers put together acts for children, including dramas, and outrageous comedies. These pseudo-vaude villains have done a good job this year and will successfully return in years to come.

Top Left: Diane shows the newcomers the way to the Thespian carnival. **Middle Left:** Tom isn't too pleased to see a camera coming his way. **Top:** Mandy smiles pretty for the camera as her counterpart turns away, not wanting to be seen.

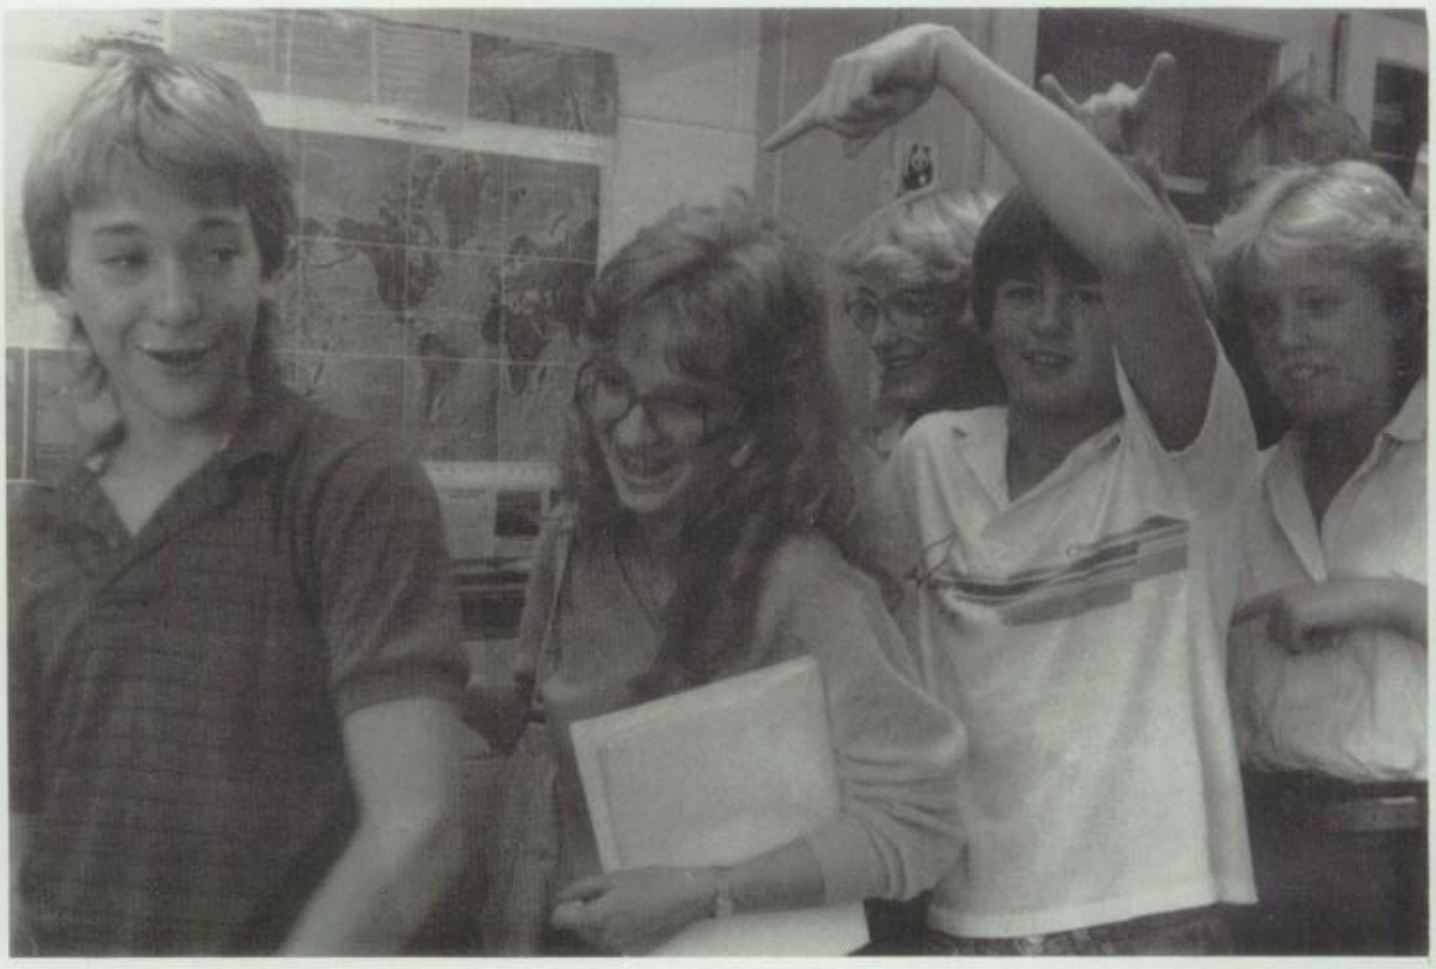
Sailing

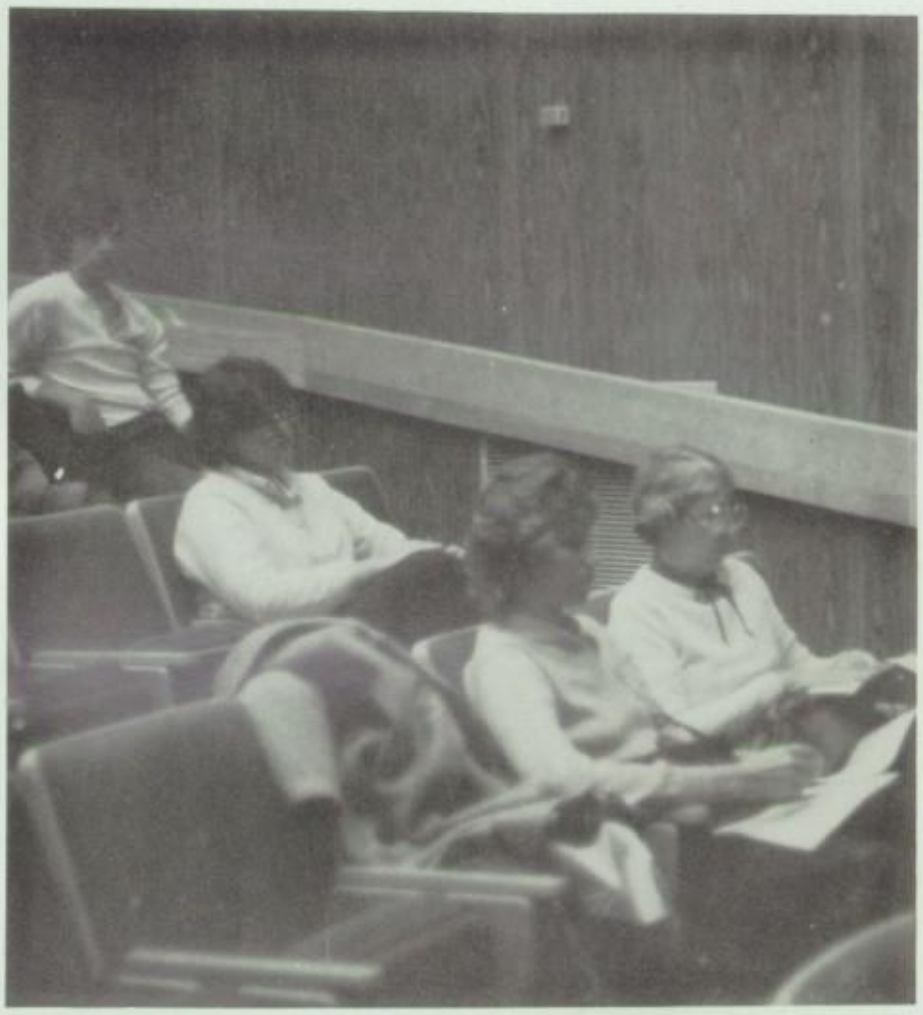
Did you see any strange ties around school? This year the Sailing Club started selling ties as a fund raiser to buy a new sailboat. The club has a sailboat, but it needs repairing according to one club member. To save money this year, the members "sailed" in canoes.



Top: John Harrington seems to think Debbie Vanderlip should walk a plank.
Middle left: Mrs. Clarke discusses Sailing Club activities with a student.
Middle right: Darren Williamson looks puzzled.
Bottom: Karen Sauer, back, wants to see, too.

FBLA

Future Business Leaders of America do many things for the business type person. They attend many state and nation wide meetings during the year. One of their fund raisers each year is selling Christmas ornaments. With the money they receive from their sales, they send club members to national meetings.



bove: Tammy Doty sits back quietly to listen.

Rodeo Club

The Rodeo Club spent a great part of the year raising money for club jackets. They also sponsored their first rodeo at Wells Arena, in honor of Kurt Anderson.

Bottom Right: President jots down notes of up-coming events.
Middle Left: Vice Pres. Kay Stadle is totally enthralled in what Pres. Hines has to say.
Bottom Left: Kassie Collins in more intrigued by the camera than the meeting.

Future Farmers of America

FFA is a national club. The local club does many things throughout the year. This year they poured cement in the greenhouse and they sponsored the National Care and Share Day. Some of their fund raisers included selling fruit during the Christmas holiday. Their main fund raiser was running the concession stand during the foorball games at CiCo Park.

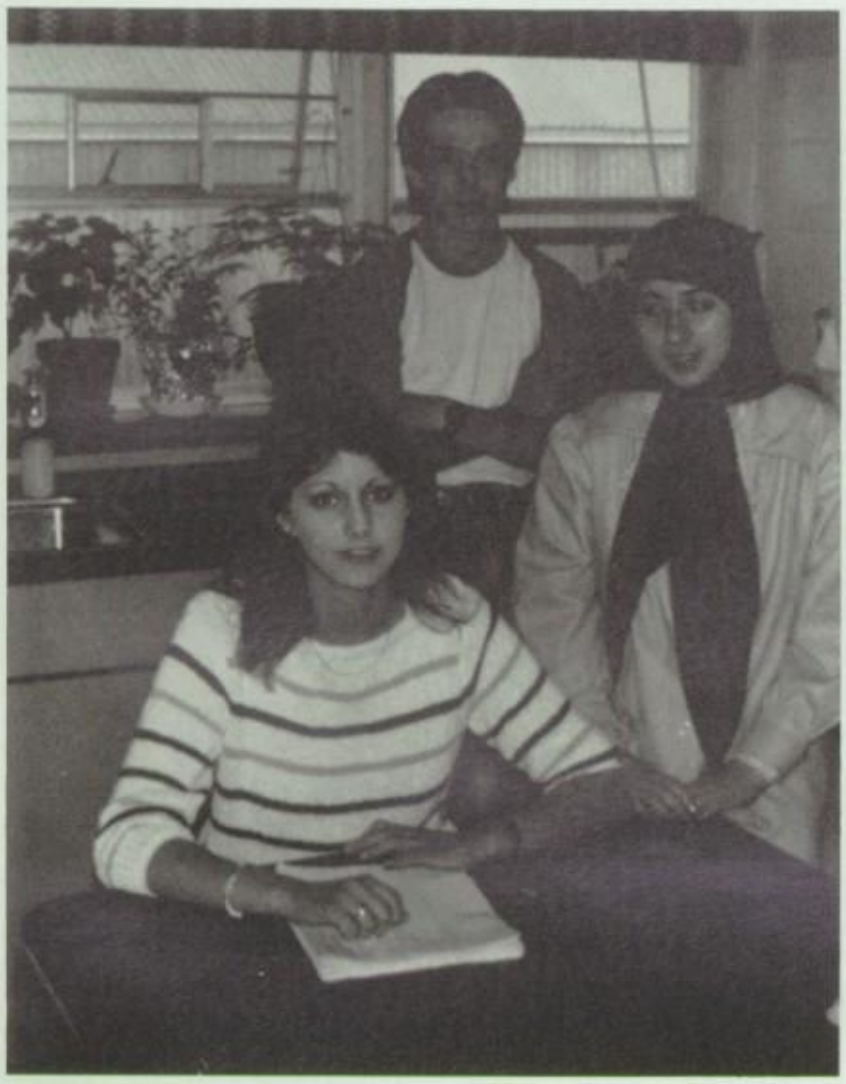
Science Club

The Science club has been a small club all the school Year, but it's been a very busy one. This year they visited many science museums, had a Halloween Party, and an "End of The Year" picnic.



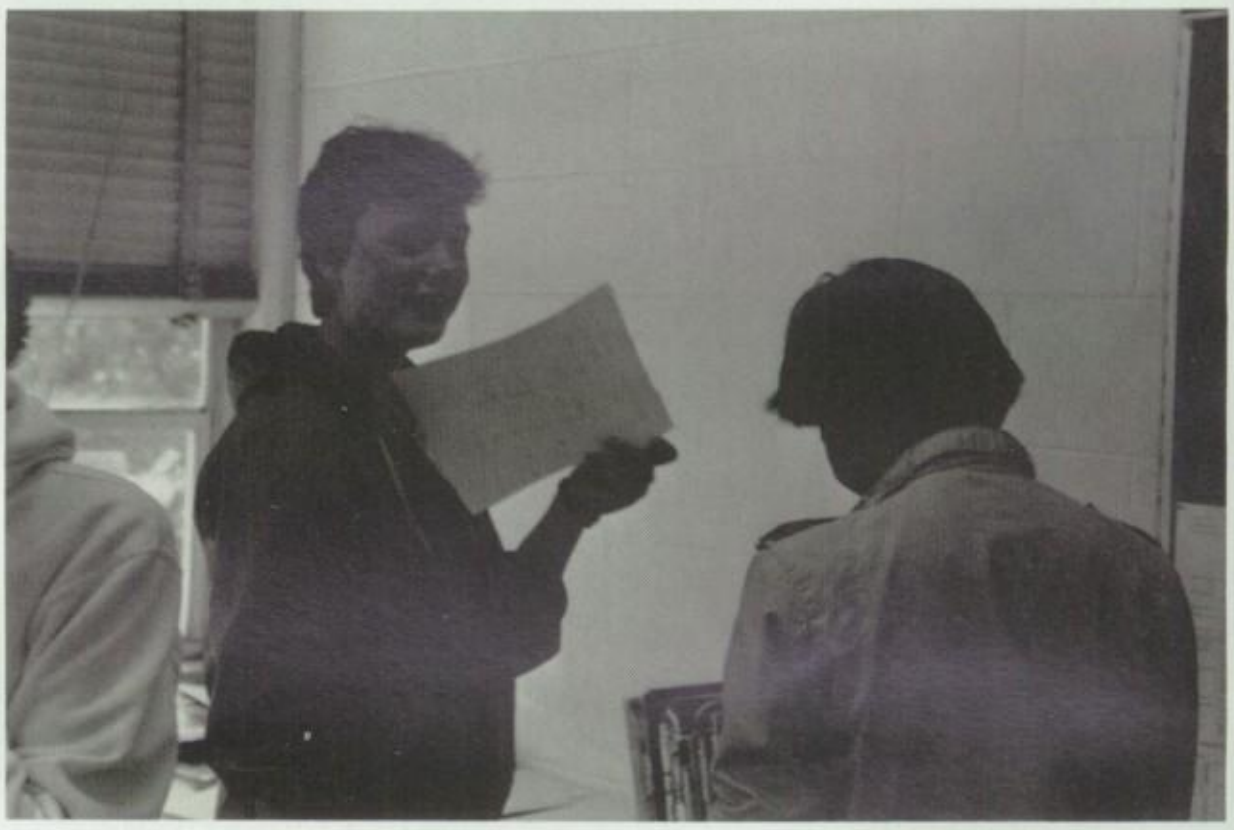
Generic Club

Generic Club is interested in home and family living. The main focus is helping students get more out of their home situation and preparing them for having homes of their own. Activities this year included a picnic and a hayrack ride. Their main fundraiser was selling posters.

Top Left: Kim Lake, David Shewmake, and Israa Ali Al-jawad consider field trip choices for the club. **Top Right:** Rachel Love, Chris Arnold and Janet Hoerner plan a picnic for the end of the school year. **Middle Left:** Chris Arnold smiles as she and a friend wash the dishes. **Bottom Left:** Tabitha Wege, Jim Osborne, and Angie Halsey enjoy each other's company.

Spanish Club

With its major objective to increase the appreciation of Latin Culture, the Spanish Club is more than just an extension of the spanish classes. El Club de Espanol has a wide variety of activities during the course of the year. Sending Pumpkin-Grams in the Fall and sponsoring a booth in the Thespian Carnival are two of the major fund-raising events for this diverse organization. Along with its many social activities, the club successfully competes against the other language clubs in soccer. All-in-all the group presents a wide variety of events for its members and provides a good time for all.



Top: Mrs. Jones looks up and smiles for the camera during a Spanish meeting. **Middle:** Kay says, "It's not my fault!! **Bottom:** Back Row; Lee Johnson, Ned Seaton, Jonell Borst, Dan Wallace, Jessica Ralls, Brian Nafziger, Kay Richardson, Kurt Anderson, Tim Berends, Kent Kiracofe, Kim Person, Shawn Kokenger **Middle Row:** Pam Paulsen, Becky Bransburg, Leanne Gallagher, Lori Zoellner, Julie Livingsron, Stephanie Peterson, Scott Kaufman, Armando Asenta, Von Edison **Front Row:** Maria Isabel Vivanco, Christy Carlson, Jodie Morrison, Dani Wright, Mrs. Jones

French Club

Paris, the Riviera, clothes, and perfume are all trademarks of the French nation. Here in all its style and magnificence is the club de Francais. Famous throughout M.H.S. for its good food and amiable members, the French Club has withstood defeats on the soccer field but inevitably comes out looking and feeling like a winner. Discovering fine culture and good food has become a welcome tradition in this organization. So au revoir and good bye to all, until we meet again on the Parisian streets.

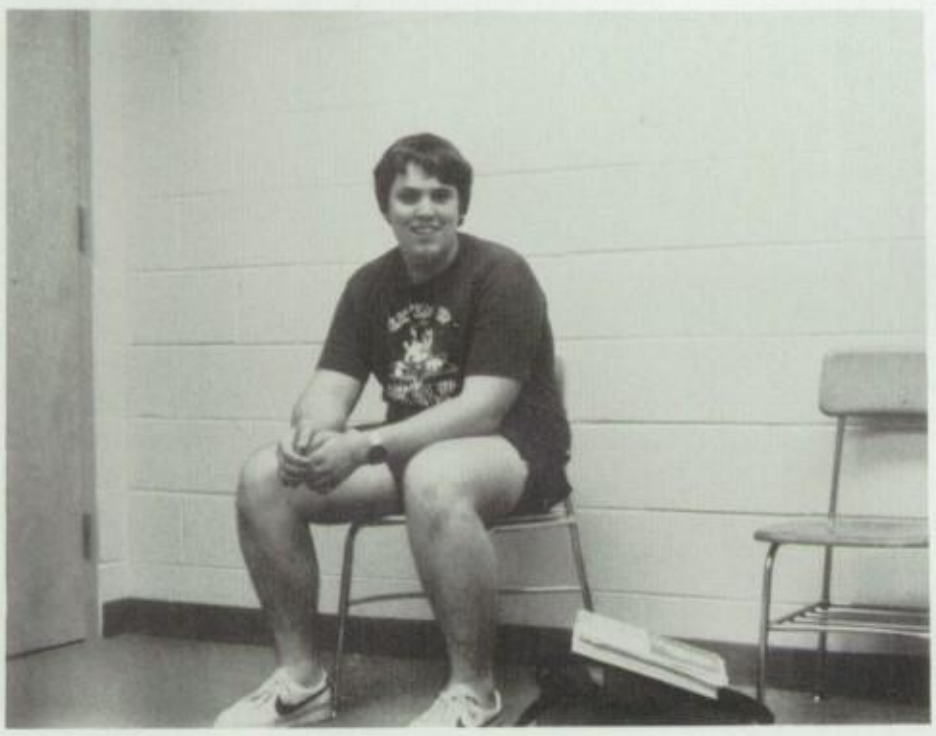
Top Row: Theirry Lopez, Kay Richardson, Brenda Mirchem, Jon Hacker, Beth Underwood, Dawn Kaufman, Dan Orr, Seth Joyce. **Middle Row:** Jacqui Lambert, Lissa Krunkindoll, Filsa Hassan, Nancy Hill, Matt Joyce, Mrs. Worthington. **Bottom Row:** Sandy Nicholson, Jill Taylor, Tina Pohlman, Becca Bruce.

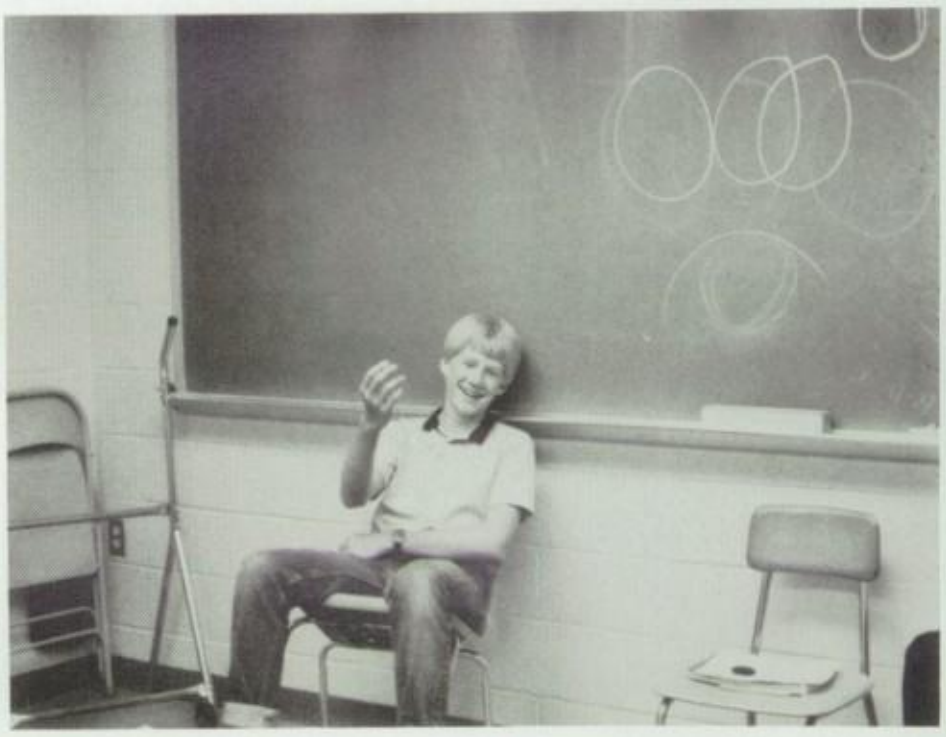
Middle Left: Brenda Mirchem has a look of confusion on her face as yet another person asks her for a French treat. **Bottom Left:** Everyone has a big smile for the camera.

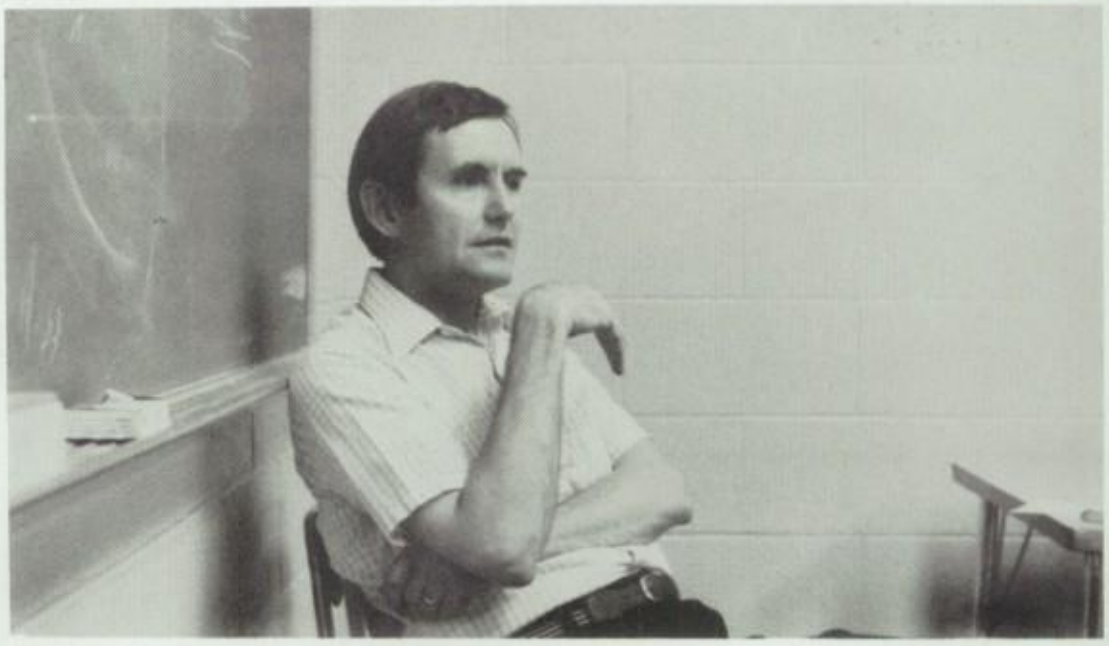
Peer Counselors

Peer Counseling is a unique organization at MHS. Instead of being the usual club which exists for parties and fund raisers, Peer Counselors is composed of students who wish to help their peers with personal problems and to just have someone to talk to. The Peer Counselors are also involved with freshman orientation, the new student program, and they aid the administration with arena enrollment both here and at Manhattan Middle School.

Top Right: Top Row: Angela Talarico, Michelle Clark, Debbie Hohmann, Steve Williams **Front Row:** Ellen Apel, Dani Wright, Melissa Read, Lydia Wainwright, Vicky Mauk, Doug Brower. **Middle Right:** Westly Fryer comments, "When you've got it, you've got it!" **Middle Left:** Doug Brower can always smile for the camera. **Bottom Right:** Mr. Koran is always in deep thought. **Bottom Left:** Debbie Hohmann and Mrs. Mayer are working hard, but have time for a big smile.







Wide Horizons

Wide Horizons Nature Program was designed to get elementary students more involved with animals and their surroundings. WHNP participants have given over 200 programs to grade school students in selected topics, including tips on how to camp and identify wildlife.

Back Row: Maria Morill, Rhonda Gasron, Patty Smith, Leah Bruce, Dawn Coffman, Brenda Umscheid, Chuck Kipp, David Lee, Jim Blocker. **Front Row:** Chris Gordon, Shelly Sutton, Mr. Shwinn.

Stuco

Again our constitutionally-established student goverment was a major force in the extra-curricular activities of MHS. Through a wide variery of events, such as selling homecoming roses, serving doughnuts to our deserving faculty, and playing Spirit Week volleyball, the elected members of StuCo managed to affect every aspect of our school. Congratulations to the MHS Student Council for a successful school year and a job well done.

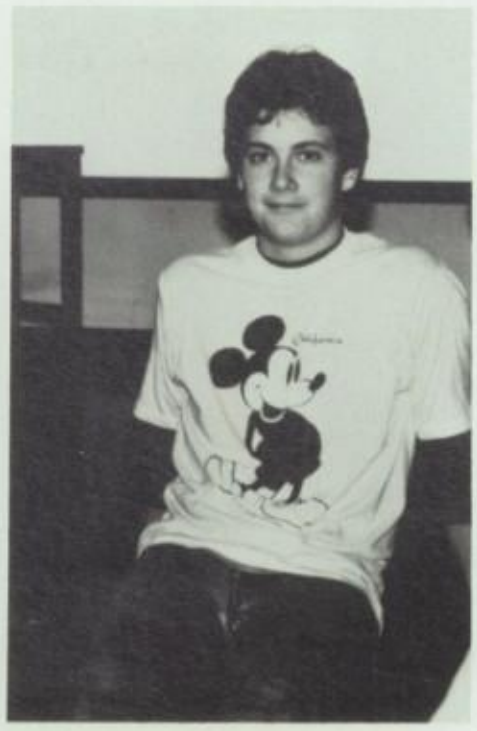
Below: Lori Mueller and Kirsten Hummel give some thought to an upcoming service project for their club. Right: Ned Seaton displays part of his famed T-Shirt collection at a meeting.



Octagon

Although it is not one of the best-known clubs in MHS, Octagon Club is a highly useful community service organization, co-sponsored by MHS and the local Optimist Club. Like all clubs, Octagon is not all raking leaves for the elderly and washing cars for money. It is also a highly active social club with a congenial membership and a steady activity schedule.

Back Row: Daedra Carlton, Kevin Converse, Julie Dostal, Matt Joyce, (Sponsor) Mike Holmes, Tammy Padgett, (Sponsor) Ron Hedman, Dwight Law, Paul Featem, Sara Hacker, Stephanie McFarran. Front Row: Kirsten Hummel, Lori Mueller, Ned Seaton, Brian Center.

Variety Show

The Variety Show has been going on at MHS for as long as anyone can remember. It gives the student body a chance to show off their talent, and a chance for everyone else to laugh at their friends who are brave enough to get up on the stage. The first step to getting in the show is to get together an act. The second step is to try out and — this is where many people get dropped from the show. Those who make it give the rest of us something to remember for years.

Top Left: The group "Edge" once again played this year with Brian Strope and the backup bass player. ***Top Right:*** David Schneider has his own personal point of view in the matter of who's right or wrong. **Middle Right:** Will Shelly Gillam ever be able to teach Brad Skaggs to dance?? **Bottom Right:** Nancy Hill and Pat Brodersen are in great trouble as Dan Horsch and Parrish Quick prepare to tie them up.

HERO

The overall goal of HERO is to develop leadership, and to explore home economics careers and occupations through organized training programs. The main purpose of HERO is to provide opportunities for decision-making and for assuming responsibility. HERO's motto, "Toward New Horizons", expresses the purpose of learning to live better today in order that our lives and those of our families may be better tomorrow.

American Field Service

AFS provides many different things for its members. First, it is a place for exchange students to get support and meet people. It also gives MHS students a club through which to apply for foreign exchange programs. Finally, it is an organization which reaches about different cultures, peoples, and customs. Sponsored by Mrs. Weyerts, AFS's major project is the sponsoring of the AFS Foreign Students.

Top Right: Eva Chatterjee reads the names of people who were voted to be next year's officers, while two friends look on. **Above Right:** Julie Livingston anxiously awaits the reading of the new officers of the 85-86 school year.

German Club

The German club is famous for its performance on the soccer field, and the good food they have throughout the year. Each year, they sponsor an Amity aide from Germay, and they have a progressive dinner, too. They sold gobble-grams during Thanksgiving, and also participated in Foreign Language week along with the French and Spanish clubs.

NHS

National Honor Society is a select group of students who are chosen based on character, leadership and community services. A 3.5 grade point average has to be maintained to be considered for membership.

SADD

Students Against Drinking and Driving (SADD) has been very active during the 84-85 school year. Their sole purpose is to promote the idea that if you must drink, don't drive. They co-sponsored a Teen-night with STUCO at Showbiz, and they also participated in the Alcohol Awareness fair. SADD also planned the After Dance for Prom. As an alternative to drinking, they are planning something new this year, called "Project Graduation" - A party for Seniors without Alcohol.

Blue M

Here in all its glory is the tremendous *Blue M* Staff. A hardworking, dedicated group of reprobates who, through the thick and thin of deadline pressure and lack of photography, not to mention sanity, managed to produce this wonderful piece of semi-legible "literature" which you are now perusing. Amongst these close to 200 pages is a permanent record of the trials and tribulations of the 1984-85 school year at Manhattan High.

Connie Miller, the rough-and-tumble editor of this melee of words and photographs, working closely with the quickly-aging young advisor, Diane "Tidyell" Tidwell, managed to keep the staff in line.

Susan L'Heureux, Debbie Hohmann, and the ever-shopping Kris Wagner constituted the femme-fatale of the group.

Kirk Kopp, a highly-impressionable young junior became the constant molestration of the class along with his arch-nemesis Craig Raborn.

The spirits of the class were kept high by the consistent humour of ace tennis player Chuck Kipp and gun-toting junior Doug Wood. On the political scene, radically-warped Steve Jackman kept the class at constant odds through totally useless bits of defiance of authority.

Top Right: Back Row: Diane Tidwell (Advisor), Connie Miller (Editor), Kris Wagner (Index). **Front Row:** Susan L'Heureux (Classes & Activities), Kirk Kopp (Sports), Debbie Hohmann (Organizations), Craig Raborn (Classes & Cover Design). **Not pictured:** Doug Wood, (Academics) Since it was widely rumored that the *Blue M* did nothing during their 5th hour class each day, the staff did everything in its power to keep that illusion alive. **Above,** Doug Wood yawns and Debbie Hohmann stares at a speck of dirt on the end of her pencil; **Right,** Kirk Kopp prepares to type but he can't fool on lookers Susan L'Heureux and Steve Jackman with his attempts to look busy. **Below:** Chuck Kipp gasps for breath amid general laughter after a photographer promises to have his pictures by the next day.

Far left, *Mentor* Advisor Don Marks affectionately known as "the Colonel", by former and current students, has guided MHS publications for over ten years. **Near left,** Ed Morrison (facing the camera) discusses a possible ad prospect with John Anderson. **Below far left,** A.C. Barker asks only for a few moments of solitude but, **center,** Jeff Listerman is determined to deprive him of even that. **Below right,** Janet Lee is either praying or hiding from the camera, we couldn't tell which.

Mentor

The Mentor, MHS weekly newspaper has changed so much under the direction of Advisor Don Marks that it's hardly recognizable from the amateurish, mimeographed paper of years ago. Today's Mentor is slick, utilizing the best and latest design techniques and journalism style.

Mentor staff covered a wide range of MHS news events, a staff which included top-notch MHS students, themselves very much involved in sports and activities besides the newspaper. Their consistently good writing, meeting of deadlines, negotiating with photographers and willingness to work hard at getting the paper out, showed in every issue.

Mentor staff L-R: John Anderson, Dwight Law, Ned Seaton, Todd Boyd, Janet Lee, Aaron Rohrer, Julie Woods, A.C. Barker, Debbie Lyons, Paul Dee Fecteau.

Cathy-
And I bet you didn't even know I was a teacher!!
Well, I'd like to tell you I'm really glad we're friends — you're weird
& with as weird as a good person to talk to
as well as when times are rough (you notice how often
when times are rough I hope we stay friends till we're old
& really look funny (!!) & don't
seriously you're really sweet.
they're rough?? Thanks for being there!
And wrinkled (then we'll
know what I'd do without you
Love ya -

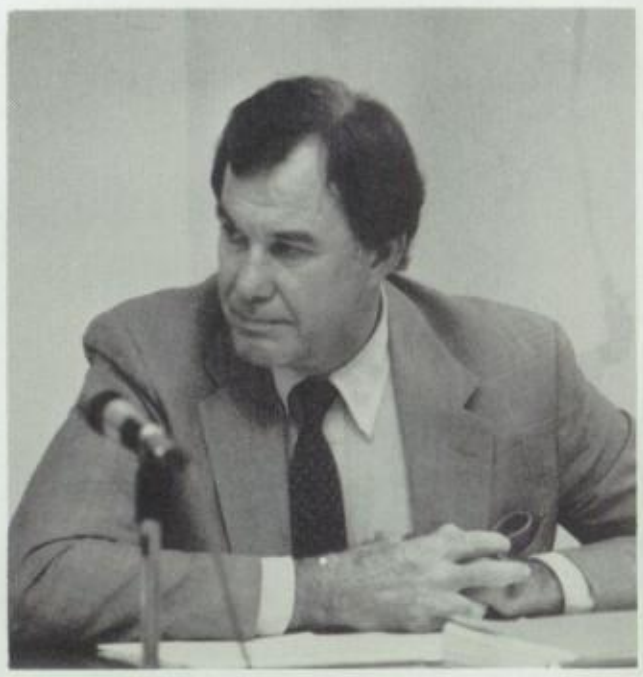
Superintendent

Dr. Hal Rowe, the school district's new superintendent came in amongst absolutely no controversy. The cornhusking Nebraskan administrator has not yet been given sufficient opportunity to show what he is capable of, yet through his tremendous record and obvious ability, we can expect to see good things happen at MHS in the future.



Administration

When expletives ring through the hallway from the mouths of sad-looking students leaving the office, it is safe to assume that they have been receiving a bit of the highly-regarded and seldom-followed advice from one of the esteemed administrators of this institution.

These five ringmasters managed to keep the school from being burned to the ground, blown to kingdom come, or taken over by radically-warped seniors.

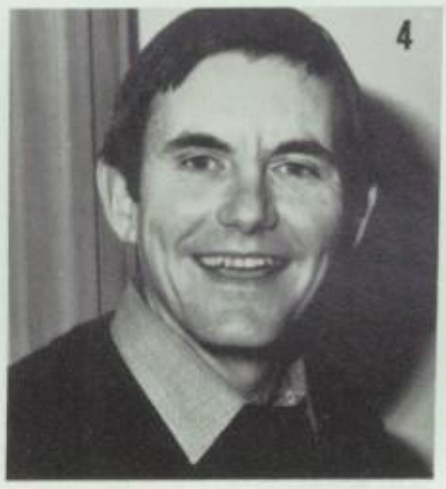
Counselors

The MHS counseling staff handles a wide variety of student concerns from scheduling to people problems. 1. **Nancy Nelson** coached the High Q team that won against Desoto High this year. 2. **Mary Beth Reese** coordinated all activities that offered students alternatives to drug and alcohol consumption. 3. **Bev Eversmeyer** spent many hours after school counseling — and boarding — students in need. 4. **Dave Koran** had a cheerful word for anyone he encountered. 5. **Joann Mayer** and 6. **Henrietta Fox,** below right, were always available to students and teachers alike.



Secretaries/Nurses

The support people at MHS take care of the day-to-day details involved in running a large high school. 1. **Helen Martin,** school nurse, assisted students with minor and major medical emergencies. 2. **Diana Murphy** kept **Dr. Rezac's** appointments straight. 3. **Bobbie Neugent** and 4. **Mary Compaan** kept track of student attendance. 5. **Judy Richter** handled a variety of secretarial duties. 6. **Marjorie Baerg** is Registrar for MHS, and 7. **Lela Gillispie** is Financial Secretary.

Library

Can you believe that Plato's **Republic** has never been checked out in the history of MHS? No matter. Plenty of other good books have, and keeping them coming are 1. **Kent Smith** 2. **Jeanne Schaefer** 3. **Joyce Whitson,** and 4. **Laurita Hammel.**

Mathematics

What is the sine of the angle whose tangent is the 17th root of the length of the latus rectum of hyperbola x? Sound confusing? Hours upon hours of just such homework problems followed by stupefying tests are definite trademarks of the math curricula. However, how many times a day do we use these skills? Almost everything we do, from grocery shopping to nuclear engineering requires some knowledge of mathematics. Twenty-four hours a day, 365 days a year, we are exposed to the modern technical world — and amongst all the terrible tests and loads of math homework, some very, very useful information is learned.

Arts, Industrial Arts, Vocational Agriculture and Music

While it's true that some people can see beauty in an auto salvage yard, the vast majority of us rely on more traditional avenues of expression. MHS' modern woodworking classes have their roots in the designs of Hepplewhite and Chippendale. From Renoir to Picasso, art students may find an ideal to emulate. Even Beethoven had to start somewhere. For reminding us that the world is not all nuts and bolts, money and guns, we thank the art, industrial arts, vocational agriculture, and music specialists at MHS.

Social Studies

We've all heard the joke about the teacher who was so old that when he was going to school, they didn't have history. For most students, a study of ancient events means little, maybe because there's just so much of it to remember. But history and the broad field of the social studies are actually a study of mankind's "roots" as it were. And, only when we are without such a record does it suddenly become important to have it. While we rarely learn from our mistakes, as the numerous wars indicate, we never seem to let go of the dream to make this a better world than the one that was left to us, to make some lasting contribution for which we might be remembered. This yearbook is a history of 1984-85 at MHS. For some, the things they accomplished here will never be repeated or bettered — for others, it's just the beginning.

Business

Whether a student plans to enter college or the business world right after graduation from MHS, the business teachers here have some useful information and skills to teach. In fact, they can teach skills that ensure you always have a job, as well as the theories of business that can lead to managerial positions later. Or, as someone else put it, "The person who knows 'how' will always have a job. The person who knows 'why' will always be his boss."

Driver Education

It's a fact that students who take Driver Education in high school get a break on Dad's insurance policy. That's one reason the course is a "have to" in a way that chemistry or literature or physics never will be. The model drivers who teach this popular course are, at right, **Joan Peterson** and (not pictured because a certain photo-journalist forgot to remove his lense-cap before shooting) **Kathy Byrd** and **Allan Thaemert.**

Science

n 1957, the USSR launched Sputnik and, since that time, the United States has oth actively and passively encouraged its youth to learn more about the cientific world in which they live. A whole range of courses are offered to tudents as MHS who are desirous to know more about the earth: its natural aws, the terrain, the oceans, the geosphere, the air, the plants and animals, in hort, the make up of all living and non-living things. And, there exists one mportant difference, perhaps, in all that students learn in this country about he world around them — that is, a high regard, even compassion, for the reatures and natural structures sharing this planet with us is an integral part of ll that is taught.

English

i wont too tell u abot de englesh dapatrmint, Going through life speaking like an imbecile is no one's idea of "fun". For this reason, every student at MHS is required to take four (4) years of language classes. The ability to communicate through both the spoken and written word is an extremely important faculty, as well as a wondrous art. From a doctoral thesis to a short poem, the skills taught by our language teachers will remain with us for life, as will the memories of those classes and instructors.

Foreign Language

Have you ever stood in line for a movie and wondered just what in the world the non-English speaking couple in front of you was saying? What do words like cinco, lysee, and deutschemark mean?

Imagine shopping in Paris without any idea how to say "I'll take it." How about travelling through Bolivia with no clue how to say "Bottled water, please."

No matter what your future plans, experiencing foreign cultures and learning different languages not only broadens your mind but gives you downright practical skills.

Home Economics

Many people think that Home Economics is a class to teach young women to cook, sew, and go shopping — lord knows they don't have to be taught that! Basically, this class was first started to help girls to be better housewives through classes like "Food and Nutrition Skills, Sewing and Textile Skills and Consumer Education. "Meeting the special needs of the '80's, with more women in the work force and more men making some attempt to "help out" at home, new classes have been offered including Management Techniques, Personal Child Development, Home Interiors and Logic in Living. "You've come a long way, baby" is no longer just a cigarette advertisement — it is now a reality in life and school.

Continuation School

Not everyone learns in exactly the same way. For that reason, MHS' Continuation School offers course options for those who need a more individualized approach to learning in order to successfully continue his or her education. English, social studies, math and work-study are all part of the curriculum. Applicants are interviewed and screened for acceptance into the school, and complete high school studies in the usual manner. This type of curriculum allows students who, years ago, might have quit school, to learn at a somewhat slower pace and still meet graduation requirements for high school. It is a concept whose time has come, and bespeaks the attitude many teachers have concerning education: that all students are educable given the proper teaching techniques. Stueve, Zellers, Colbert and Doyle all teach students how to manage time, relate to others in social settings, handle stress, as well as the more academic subjects common to students everywhere. Many students in the program hold jobs for part of the school day in combination with their classes.

Left to Right: Nadine Stueve (Math Lab). Rick Zellers (Practical English 12, Communications Skills I, II, III, IV). Marvin Colbert (Constitution, Social Science, Social Studies 9, Work Experience) Charlotte Doyle (Communications Skills I, II, III, IV, Personal Social Adjustment).

Specialties

1

2

There are a whole host of people at MHS who provide special help to students who need it. Without these teachers, many would never improve upon their handicaps, while others would never realize their extraordinary capabilities. Still others need an occasional reminder that this is, indeed, a school and certain behavior is not only expected but demanded. A trip to the learning lab or "in-school suspension" is all that some students need to get back on the right track. And, to protect everything from the Porsche's to the clunkers, a parking lot attendant keeps watch over his "flock" by day.

Physical Education

At no other time in our civilization has it seemed so important to be in — and keep in — top physical condition. Look around at all the health studios, spas, weight-lifting machines and "pounds-off" gimmicks for your proof. Because our physical lifestyles often begin when we are young, the teachers dedicated to helping us learn more about our bodies — capabilities and limits — are an integral part of the MHS staff. They are an expert team, armed with rebuttals for every lame excuse any student has ever thought of for not wanting to "get physical" in the athletic sense. And, many a weary, sweating, mascara-smudged "victim" has been forced to admit, "Hey, we had fun."

SPORTS

MHS Crushes I-70

The MHS Indians dominated the I-70 league, as in seasons past, with little resistance from stunned opponents. Led by the lightning running attack of Tracy Lax and Mark Wentzel and by the toughest defense in the league, MHS rolled to victory. District finals were no problem for Coach Lew Lane and his warriors, who crushed Wichita East 27-7. By an identical score, MHS crumbled Dodge City in the sub-state finals. The Indians ran into a brick wall in the State finals, in the form of the Lawrence Lions. The Indians fought valiantly, but got wiped, 29-3!

Varsity Volleyball

The MHS varsity volleyball team showed their stuff this season by fighting their way to State. Coach Mary Lou Morgan believed this year's team to be the best defensive team she has coached yet. The varsity spikers proved to have the offensive punch also, compiling a 28-15 record and placing second at State.

Led by Senior stand outs Jaimie Marstall and setter, Mary Mignano and Junior stand outs Kathy Linenberger, Becky Thaemert and Julie Michel, MHS bopped their way to a great season.

Wrestling

This year's wrestling squads' tremendous accomplishments, such as being I-70 league champs and State runners-up climaxed a new era in Manhattan wrestling. The team has done a little better each year due to the efforts of a few outstanding individuals. Now, however, with the seating of 11 out of 12 wrestlers in the state tournament, MHS has truly built a team to be reckoned with. The future also looks very good for the squad. Although the majority of the varsity squad were seniors, the junior varsity and freshman ranks were filled with outstanding wrestlers who will more than adequately fill the shoes of their departing team mates. Due to the great number of underclassman now wrestling, we should look forward to another successful season next year.

Boys' Varisty Basketball

The 1984-85 Indians' basketball team finished with an even 10-10 record. The players had mixed sentiments about the season. Ted Weis labeled it "Disappointing in the sense that I know we were better than our record showed." Karl Kandt added "I am pleased with the way we stuck together when things got tough."

The 1985-86 team will be an experienced club. They will lose only three players to graduation, guards Doug Burton, Rick Knaemasu and David Schneider and will feature 10 returning players with varsity experience.

Freshmen

The Girls Freshman team finished the season above the .500 mark, with a 8-7 final record. This year a two day tournament at MHS brought the season to a close, the Indians took third. With a winning season in the record book and the .500 goal met, the Lady Indians expect to continue their success next year.

Girls Basketball

Junior Varsity

The 1984-85 Girls Junior Varsity completed a record setting year. They finished the season with a 14-2 record and set records for most points scored in a game and margin of victory. (84-17; Topeka High)

Consistancy was what held the team together, winning most of their games by a margin of six points or less, including several overtime wins. The losses came against Topeka West, who was defeated during the second meeting by 13 points, and Washburn Rural.

With most of these players returning to the team, next years squad should prove to be very competitive and successful.

Congratulations J.V.!!

Frustration was the word to describe the 1984-85 Lady Indians season. Although the season record didn't indicate it — a 6-14 final record — there were several high and encouraging points during the season, including the defeat of #5 ranked Shawnee Heights at MHS, and a 61-44 lashing of Salina South at the final home game. Three players received I-70 League recognitions. Junior Karen McGaughey received All-League honors, while Senior Connie Miller and Junior Becky Thaemert received Honorable Mention honors.

With the graduation of five seniors, next year's team looks to be very strong and young but suprisingly experienced.

Girls Swimming

The MHS Girls' Swimming team finished their 1985 season in fine fashion. The Lady Indians, behind the strong efforts of Sabrina Haffner, Heidi Oehme, and Carol Johnson, helped to finish second behind Topeka West at the Regional Meet. Although the meet was shadowed by the number of points actually earned, MHS put that controversy behind to beat the Chargers at State. The team took a sixth place finish, behind Johnson, Oehme, Haffner, Senior Nancy Hill, Allison Williams, and Senior Kim Stewart.

With the team only losing a few Seniors, next years' team should be very, very strong.

The top finish for Manhattan was the fourth place 220-yard medley relay team of Andy McIvaine, Brian Cummins, Brian McCallum and Mark Lowenstein. (Copy courtesy A.C. Barker and *The Mentor*)

Boys Golf

The 1985 Boys' golf team started the season out strong and finished the season way over par. The first few meets, the golfer's placed in the top two. Later in the season, when things really count, the golfers never placed above third. The team was third in I-70 and Regionals. They were the fourth best team at the state meet.

This year's team was comprised of four sophomores and two seniors. The seniors, Kelley Johnson and Troy Dillon, were co-captains for the team.

Boys Tennis

This year's tennis team was comprised of a group of dedicated young men. The leader of this original cast was Ned Seaton who dedicated his time to singles and was followed by the effervescent Brian Center at the number two spot. The doubles were comprised of two sophomores and two seniors. Chang Yi and Chuck Kipp were the number two team following the number one team of O.J. Allen and Dan Wallace. The team was coached by Mr. Steve McDermeit and enjoyed a good season. Ned Seaton was the most successful member of the team, going to state.

1 year; wrestling.

"My senior year has been great and the opportunity I have had to cheerlead has made it even better. I enjoyed getting to know the girls on my squad as well as cheerleaders from other schools. I also liked cheering for a great wrestling team this year. My favorite aspect, though, was the chance to participate in the pep rallies. Everyone had so much spirit and enthusiasm for our Tribe that I felt good to be a part of something so terrific!"

Sara Fuller

1 year; wrestling.

"My senior year has meant a lot to me and being able to represent Manhattan High has made it extra special. I've had fun meeting new people and have gained an appreciation for our wrestlers at MHS including the devotion they have for their sport. The best times for me were cheering with the squad. We had a very close and cooperative squad which helped us to share many memorable times together."

Filza Hassan

1 yr; wrestling, 1 yr; Blue Squad

"There have been many aspects of cheerleading that I've enjoyed during the past two years. I think my favorite part was getting the crowd involved! It's really neat when the crowd is enthusiastic and cheers the team on. I have had lots of fun being head of Blue Squad, planning pep rallies, being in parades, and being recognized nationally. Although cheerleading sometimes takes time and hard work, it is really rewarding to hear a teammate say that they could hear you and that helped in a victory."

Jeannie Hoover

1 yr; wrestling, 1 yr; White Squad

"Cherleading at Manhattan High been a wonderful experience for me. first year on wrestling squad was on the most exciting times of my life. Th were a lot of early hours and late nig but we had a great team which made worthwhile. Then came football. I h always been a big fan of MHS football; I finally got my chance to cheer for it du my senior year. Girls' basketball was a a change from the football season, b was always fun and exciting. I found important part of cheering is not how or famous the sport is; but letting th teammates know you're behind th 100%!"

Amy McAnarney

1 yr; frosh./soph., 3 yrs; White Squad

"Hey White Squad, remember waking up about 4:30 a.m. to deliver all those Good Luck signs we painted: Also, our football trips, fish egg pudding, and our rating sessions (Karen and Kris)? How about all the squabbles about what we were going to do for our next time out? Karen, exactly how many basketball games did we cheer for? I will never forget these past four years as an MHS cheerleader- they have been the *best!*"

Karen Rezac

3 yrs; White Squad

"Being able to cheer for Manhattan High the past three years has been very exciting for me! The three undefeated football seasons we cheered for were great! Going to State this year made it even better! Cheering for the Girl's basketball team was completely different, but it was an experience I enjoyed. Being a part of White Squad meant a lot; the friendships and craziness we shared will never be forgotten. The most important part of being a cheerleader was the support of the crowds! Without all their school spirit it wouldn'thave been the same. . ...And of course- nobody's better than MHS!"

Dana Sullivan

1 yr; frosh./soph; 2 yrs; White Squad

"This was my third year of cheering and I have loved every moment of it. I think it's exciting to get in front of the crowds and try to get them enthused and crazy. I am very proud of our school and am thankful to be able to show it by representing MHS. I have many memories of cheering that I will never forget; but probably my most favorite are the Emporia game in '83 and cheering on our football players at State in the KU stadium this year. It was neat that the Seniors of '85 finally made it to STATE!"

Kris Wagner

1 yr; frosh./soph., 3 yrs; White Squad

"My senior year was really the bes far as cheerleading goes. Going to Stat football and cheering in the KU stad was kind of like a dream come true. I never forget all our crazy times inclu the '83 Emporia game, rating sessi muffins at Bonanza, painting signs, ma 75 cakes, jump circle, Kenny (NCA c '84), chicken fried steaks, and all that o stuff. White Squad will never be the sa Hey Aim H: hang in there next year... miss you!"

Sophs live it up

The class of 1987 distinguished itself early in the year by winning the covered Spirit Stick, a talisman awarded to the class with the most school spirit. The class did well with its homecoming float and key-chain sale, but later lost the Spirit Stick.

Sophomores were led by President Janel Allerheiligen, Vice President Heidi Krickenburg, Secretary Gloria Moore, Treasurer Heidi Bulmahn, and advisor Charlotte Doyle.

Juniors have fun!

The class of 86 helped make life at MHS fun for all. Led by President Ned Seaton, Vice President David Dayton, Treasurer Becky Brandsberg, Secretary Stephanie Frey. Juniors held two major fundraisers and planned the Junior/Senior Prom. Caught between the frolic of being a Senior and the dreaded feeling of underclassmanship, Juniors proved that MHS can be exciting!

Brenda Umscheid, Junior, cheers the football team to just one of the many wins during the 1984 undefeated season.

SENIORS

SENIORS: Class of '85

The Senior class of 1985 was one of variety and personality. Throughout the four years of attendance in Manhattan High School, this class showed spirit and ability in both athletics and academics. In the last year of the classes presence they have achieved the respect of their underclassmen and high overall standards established by their predecessors. Although the Class of 85 follows the footsteps of many preceding graduating classes this Class has a distinct personality which is best described by the variety of the individuals that make up the Class of 85. The individuals that make up the Senior Class participate in many widespread activities in areas from agriculture to drama to athletics.

Each student in the Class of 85 are individual in their activities, their beliefs, and their abilities which makes this class one of the most widespread class in the history of MHS. The future of these individuals is as different as the students themselves. For some this was just the beginning of their schooling for they will be the ones who spend at least four more years in college or vocational education. For others this is the beginning of a life in society, these students will gain an occupation and or a family. The only thing that they will all surely share is the fact that they will all benefit from the learning opportunity that they had at MHS.

Graduation

Manhattan High School's 71st annual graduation exercise was held at Bishop Stadium Tuesday, May 28, 1985 at 8 p.m. Though it had been threatening rain all day, it remained pleasantly cool and clear throughout the ceremonies.

The seniors assembled in bleachers across the field, opposite the gathering parents, friends, relatives and faculty. They walked to their seats, entering single file in two facing lines while the school band played "Pomp and Circumstance." It was a long procession, but everyone in attendance was pleased and proud to stand as the 1985 senior class passed in review.

Rev. John Stoneking, Pastor of the First United Methodist Church, gave the invocation. **Dr. Hal Rowe,** Superintendent of Schools, USD 383, introduced the speakers who were **David McGhee,** member of the senior class and **James Marquez,** General Counsel, U.S. Dept of Transportation.

Dr. James Rezac, Principal of MHS, presented the class to the Board of Education and Board Vice-President **Dr. Charles Thompson,** assisted by **Dr. Hal Rowe** as **Dr. Rezac** read names, presented diplomas to the graduating seniors. **Rev. Stoneking** closed the ceremonies with a benediction.

Below left, l-r, Dr. Charles Thompson and speaker, James Marquez. Right, David McGhee directs parting shots to — and about — the senior class. Bottom right, Kim Benson joins the processional. Opposite page, top left, Pat Broderson and other seniors take their seats in front of the dais. Bottom left, Dr. Rezac reads names of seniors as diplomas are presented. At right, top and bottom, Janet Lee and Jim Webber accept diplomas from Dr. Thompson.

Well, I thought I'd
write in here sense you
admire me so much!?!
It been a wild and crazy year
and we had our fun (member MRK's)
but this year's gonna be the shit
I'm a senior and all (hey)
to wild and try to slay
Don't get sorry to hear about
out of trouble, it was for the best.

Cathy:
Youre my favorite gymnast and a lot of fun. Keep the great "bod" "J.T."

Cathy:
Can you believe all shit we've been through in less then a year? Spring Break - Tony & Vaughn pricks - but likeable pricks. Our "little" slumber party while mom was gone dad must have been in a coma or something. My 1st ~~[illegible]~~ w/ ~~[illegible]~~ after my softball tournament in ~~Nebraska~~ HA HA. This summer went so fast but it was really "interesting" while it lasted. Let's face it guys are up to no good as far as we're concerned. You know as well as I do that we'll never get completely over them. At least I won't! I can't believe how much they've put us through. (DAAAHHGG) For some reason this year seems to be going in the right direction & we'll have good luck w/ the guys → Tony & the Vaughn. Well enough of the Bull Shit → I know you don't have very many friends but I want you to know that you're one of my best (other page)

Cathy,
That does get embarrassing
when you and Sherry drive
by and yell! Have a great
year and stay out of trouble,
love
Scot

We've got to party hard this year but you know the deal - grades come first + we're gonna make em good! Can you believe we only got acquainted again over Spring break + we hit it off great! You're so crazy + wild no wonder we're so great together. We have to stay out of trouble cuz we know wee'll be grounded every other week - OK? Like I said this year is gonna be great in every way + we'll be together through it all - stay sweet HAHA party hard babe like I know you can

Cathy -
well have a great
year if we pass
am. lit
Jhon

Cathy - your so sweet! I'm so glad we're friends - lets stay that way! Lets go drinken and toker sometime! Real soon! Luv ya - Gina
